APPENDIX B	51

INTRODUCTION

The Elections Division of the Secretary of State's Office has prepared this handbook for an overview of the Early Voting Ballot Board. This handbook contains a thorough outline of who is able to serve on the Early Voting Ballot Board, convening the ballot board, qualifying ballots, the corrective action procedures for the Early Voting Ballot Board, and ballot counting procedures for the Early Voting Ballot Board. It incorporates changes in election laws through the Regular Session and Second Special Session of the 88th Texas Legislature (2023).

The handbook starts at the selection process of the Early Voting Ballot Board, whether it is for a Primary, General, or Political Subdivision Election. Throughout the handbook, references are made to the appropriate section in the Texas Election Code or the Texas Administrative Code, unless otherwise indicated. Information in *italics* relates to primary elections.

The Elections Division of the Secretary of State's Office is open during the hours that the polls are open for voting on all uniform election dates. Answers to questions on election law and procedures may be obtained by telephoning the Elections Division toll-free at 1-800-252-2216 or (512) 463-5650.

Please visit us at our Internet home page for additional election information at <https://www.sos.texas.gov/>, as well as <https://www.votetexas.gov/>.

The Office of the Secretary of State does not discriminate on the basis of race, color, national origin, sex, religion, age, or disability in employment or the provision of services.

CHAPTER 1 - CREATION OF THE EARLY VOTING BALLOT BOARD

SECTION A. COMPOSITION OF THE EVBB

An early voting ballot board (“EVBB” or “Board”) shall be created in each election to process early voting results from the territory served by the early voting clerk. [Sec. 87.001]. No matter what type of election an entity is having, they must have an early voting ballot board.

Generally, the EVBB consists of a presiding judge, an alternate judge, and at least one other member. The presiding judge and the alternate presiding judge of the EVBB are appointed in the same manner as a presiding election judge and alternate presiding judge, respectively. Except in the general election for state and county officers, each county chair of a political party with nominees on the general election ballot shall submit to the county election board a list of names of persons eligible to serve on the early voting ballot board in order of the county chair’s preference. The county election board shall appoint at least one person from each list to serve as a member of the early voting ballot board. The same number of members must be appointed from each list. The county election board shall appoint persons as members of the early voting ballot board in the order of preference indicated on each list. The other members are appointed by the presiding judge in the same manner as the precinct election clerks. In addition to the members appointed under the general election, the county election board shall appoint as the presiding judge the highest-ranked person on the list provided under that subsection by the political party whose nominee for governor received the most votes in the county in the most recent gubernatorial general election. The county election board shall appoint as the alternate presiding judge the highest-ranked person on the list provided by the political party whose nominee for governor received the second most votes in the county in the most recent gubernatorial general election. [Sec. 87.002].

In a separate primary election, the presiding judge and alternate presiding judge of the early voting ballot board are appointed by the county chair. [Secs. 87.002 and 32.006]. Additional members of the early voting ballot board in a separate primary election are appointed by the presiding judge of the ballot board. [Sec. 87.002]. In a joint primary election, the early voting ballot board consists of a minimum of two presiding judges and two alternate presiding judges who are appointed by the county elections officer via the list procedure. [Sec. 172.126]. Additional members of the early voting ballot board in a joint primary election are also appointed by the county elections officer via the list procedure. [Sec. 172.126].

Type of Election	Presiding Judge and Alternate Presiding Judge	EVBB Clerks
General Election for State and County Officers	County election board – from list provided by political party whose nominee for governor received the most (presiding judge) and second-most	County election board – from lists provided by political parties (same number from each list)

	(alternate presiding judge) votes in the county	
Primary Elections (Separate)	County chair of political party	Presiding judge of EVBB
Primary Elections (Joint)	County elections officer via list procedure	County elections officer via list procedure
All Other County- Ordered Elections	Commissioners court if no county election board is established	Presiding judge of EVBB
All Other Elections	Authority ordering election	Presiding judge of EVBB

NOTE: If the county has an elections administrator, or if commissioners court has transferred the election duties of the county clerk to the county tax assessor-collector, the elections administrator or tax assessor-collector will serve as the county election board chair in place of the county clerk. [Secs. 31.043, 31.072, 31.073].

SECTION B. ELIGIBILITY REQUIREMENTS

To be eligible for appointment to the early voting ballot board, a person must meet the requirements for eligibility for service as a presiding election judge [Sec. 32.051], except that the appointee must be a qualified voter of the territory served by the early voting clerk and is not required to be a qualified voter of any other particular territory. [Sec. 87.003].

An EVBB member would be ineligible if the member holds public elective office, is an opposed candidate in an election on the same day, related to an opposed candidate within 2nd degree by blood or marriage, employed by an opposed candidate, or serves as campaign treasurer/campaign manager for candidate in the election.

SECTION C. REQUIRED OATHS FOR EARLY VOTING BALLOT BOARD MEMBERS

All EVBB members should recite this oath, prior to beginning service on the Board. [Sec. 87.006].

For use in Joint Primary Elections, General Election for State and County Officers, and Elections Ordered by the Governor:

“I swear (or affirm) that I will objectively work to be sure every eligible voter’s vote is accepted and counted, and that only the ballots of those voters who violated the Texas Election Code will be rejected. I will make every effort to correctly reflect the voter’s intent when it can be clearly determined. I will not work alone when ballots are present and will work only in the presence of a member of a political party different from my own. I will faithfully perform my duty as an officer of the election and guard the purity of the election.”

For use in all Separate Primary Elections and Other Elections that do not Contain Party Affiliation:

“I swear (or affirm) that I will objectively work to be sure every eligible voter’s vote is accepted and counted, and that only the ballots of those voters who violated the Texas Election Code will be rejected. I will make every effort to correctly reflect the voter’s intent when it can be clearly determined. I will not work alone when ballots are present. I will faithfully perform my duty as an officer of the election and guard the purity of the election.”

Additionally, presiding and alternate presiding judges of the early voting ballot board should take the constitutional oath of office under Article XVI, Section 1 of the Texas Constitution. Members of the early voting ballot board are not required to take the election worker oath for polling place workers under Section 62.003.

CHAPTER 2 - THE EARLY VOTING BALLOT BOARD CONVENES

SECTION A. TIME FOR CONVENING THE EARLY VOTING BALLOT BOARD

The Early Voting Ballot Board generally meets multiple times during an election. The SOS recommends that before qualifying mail ballots, the early voting clerk meet with the Signature Verification Committee (“SVC”) or the Board to determine dates to convene and to establish timelines for the corrective action process. [Secs. 87.0411, 87.0271].

The Board must convene to complete the following tasks:

- a. Qualify and Process Regular Ballots by Mail
- b. Qualify and Process Late Ballots (old and new categories)
- c. Qualify and Process Provisional Ballots
- d. **In an election in which ballots are to be hand counted**, Count Early Voting In-Person Ballots

Meeting Before Election Day

The Board may meet to qualify and accept mail ballots and provisional ballots at any time they have ballots to review, but the Board must have their first meeting no later than the ninth day before election day. This means that the EVBB in all counties and local political subdivisions, regardless of population size, may begin meeting at any time they have ballots to review. However, the first meeting must take place not later than the ninth day before election day. [Sec. 87.0222].

Meeting on Election Day

The Board is required to meet on election day to qualify and count any mail ballots received on or before election day as these ballots must be included in the unofficial returns.

Meeting After Election Day

The Board shall meet after election day to review any outstanding provisional ballots and to qualify any mail-in ballots received by the 5th and 6th day after election day from voters casting a ballot from outside the U.S. or military voters on active duty or the spouse of a military person on active duty who is located outside the voter’s home county.

The Board shall meet after the sixth day after an election if there are voters that voted provisionally because they did not have a valid form of identification. These voters have 6 calendar days after election day to: (1) present to the voter registrar a valid photo identification; (2) complete one of the two curing affidavits set out in Section 65.054(b)(2)(B) (consistent religious objection to photographs) or Section 65.054(b)(2)(C) (identification unavailable due to declared natural disaster); or (3) apply for and receive a disability exemption. [Sec. 65.0541]. The Board

may convene earlier to review provisional ballots, but continue on a rolling basis until the 6th day after election day.

The Board shall meet on the seventh day after election day to process and qualify any mail ballots subject to the corrective action process. If a voter has been notified of a defect in the voter's carrier envelope, the voter has until the sixth day after election day to correct this defect. Because a voter has until the sixth day after election day to correct the defect(s), the voter's ballot may not be finally rejected before the seventh day after election day. [Sec. 87.0411(g)].

Last Day to Convene the Early Voting Ballot Board

In an election held on the date of the general election for state and county officers, the Board must convene **no later than the 13th day after the date of the election** to count provisional ballots.

In all other elections held on dates other than the date of the general election for state and county officers, the Board must convene no later than the 9th day to complete the review of provisional ballots. The Board shall convene on the 9th day after election day or earlier if the early voting clerk certifies that all ballots from outside of the U.S. have been received and all provisional ballots have been processed by the voter registrar. [Sec. 87.125]. If this date falls on a Saturday, Sunday, or legal state or national holiday, the Board convenes on the next regular business day. [Sec. 87.125(c)].

REMINDER: Ballots may not be counted until the polls open on election day, or in an election conducted by an authority of a county with a population of 100,000 or more or entities having joint elections with such a county or who are conducting their election with such a county through a contract for election services, the end of the period for early voting in person. If a central counting station has been established, all mail ballots that have been processed, qualified, and accepted shall be sent to the central counting station for counting at the appropriate times. [Secs. 87.024-87.0241].

The Board may compare the signatures on a voter's application for ballot by mail (ABBM) or carrier envelope with any known signature of the voter on file with the county clerk or voter registrar to determine whether the signatures are those of the voter. [Sec. 87.041(e)].

SEE CHAPTER 7 OF THIS HANDBOOK FOR INFORMATION REGARDING RECONVENING OF BALLOT BOARD FOR THE PROCESSING AND COUNTING OF PROVISIONAL AND OVERSEAS LATE BALLOTS.

SECTION B. DELIVERY OF MATERIALS TO THE BOARD

The Board should obtain from the authority conducting the election a package of supplies, which may include the following forms:

- Poll List of Early Voting by Mail Voters or Voters Voting by Mail Procedure; [Sec. 87.021]
- List of Early Voting Provisional Voters; [1 T.A.C. §§ 81.172 – 81.174]

- List of Provisional Voters Who Presented Proper Identification to Voter Registrar; [Sec. 65.0541]
- Envelope for Rejected Early Voting Ballots; [Sec. 87.043]
- Tally Sheets, if applicable; [Sec. 65.004]
- Return Sheets, if applicable; [Sec. 65.014]
- Envelopes for distribution of returns and election records; [Sec. 66.003]
- Statement of Compensation; [Sec. 32.094]
- List of "ID" Voters; and
- Notice of Delivery of Ballots Voted by Mail (if delivered prior to the opening of the polls).

The early voting clerk shall deliver to the Board:

- The jacket envelopes containing ballots voted by mail and the corresponding applications;
- The list of registered voters, containing voters' permanent and mailing addresses of record, used in conducting early voting;
- Notice of Rejection of Early Voted Ballots (to be completed by EVBB judge);
- The ballot transmittal form for early voted ballots;
- Receipt for each ballot box, to be completed when box received
- Information on any corrective forms and Notice of Carrier Defect Issued By the Early Voting Clerk; and
- List of Declared Write-In Candidates (if applicable).

In an election in which ballots are to be hand counted, the early voting clerk shall deliver to the Board:

- Each ballot box containing early voting ballots voted by personal appearance; and
- The early voting clerk's key to each ballot box.

NOTE: The custodian of the key to the second lock on the ballot boxes containing early voting ballots voted by personal appearance must deliver his or her key to the presiding officer of the early voting ballot board at his or her request if the Board will be hand counting personal appearance ballots. [Sec. 87.025].

If ballots will be counted electronically at the central counting station, then:

- The key and the unopened ballot box should be delivered to the central counting station at the direction of the presiding judge of the central counting station and not to the ballot board, since the law prohibits the ballot board judge from opening the early

voting by personal appearance ballot boxes containing ballots that are to be counted by automatic tabulating equipment at a central counting station. [Sec. 87.101].

- If accessible voting equipment (such as direct recording electronic equipment (“DREs”)) or precinct count optical scan equipment was used for early voting, the ballot board should not process the early voting by personal appearance ballot boxes or voting machines.

The EVBB presiding judge shall make arrangements with the early voting clerk to obtain the required personal identification information in the voter registration record that the board must review on the carrier envelope prior to completing signature comparison. The early voting clerk must provide all available information necessary to fulfill the functions of the board, including information from the statewide voter registration system. [Sec. 87.028].

SECTION C. NOTICE OF DELIVERY

Notice of each delivery to be made prior to the time the polls open on election day must be posted at the main early voting polling place for at least 24 hours immediately preceding the delivery. [Secs. 87.023(b), 87.024(b)].

In the general election for state and county officers, if ballots are to be delivered before election day, the early voting clerk must notify the county chair of each political party with a nominee on the ballot at least 24 hours before the first delivery is made. [Secs. 87.023(c), 87.024(c)].

SECTION D. RECEIPT FOR DELIVERY

Upon delivery of a sealed early voting ballot box, the presiding judge of the early voting ballot board must inspect the box to determine whether the seals on the box are intact, and whether the numbers on the seals correspond to the numbers indicated on the record of serial numbers prepared by the early voting clerk. [Secs. 87.062(b), 127.068].

If the seals are intact and the numbers match, the presiding judge should accept the ballot box and so indicate on the receipt.

If the seals are not intact or the numbers do not match, the presiding judge should accept the ballot box, but note any discrepancies on the receipt and in his or her records.

SECTION E. SECURITY OF EARLY VOTING BALLOTS

The voted early voting ballots must be secured from the last day of voting by personal appearance at a polling place until the day the ballots are counted. [1 T.A.C. § 81.34].

If the early voting ballot board convenes before election day, the presiding judge shall, upon each adjournment of the board, lock and seal each ballot box prior to delivering the boxes back to the custodian of records. The judge shall complete a ballot box security form indicating each serial

number used to seal each box. The form shall be signed by the judge and another early voting ballot board member who has witnessed the procedure. In a general election for state and county officers, the early voting ballot board member must be from a different political party than the judge. The custodian of records shall also sign the form.

The presiding judge shall deliver the key(s) used to lock the ballot box(es) to the custodian. The key shall be retained by the authority designated in accordance with Section 66.060(a) of the Code:

- the sheriff for an election ordered by the governor or county authority or a *primary election*, except that in a year when the office of sheriff is on the ballot, the key shall be delivered to the county judge. When both these offices are on the ballot, the key shall be delivered to the county auditor or to a designated member of the commissioners court who is not on the ballot and who is appointed by the court, if the county does not have an auditor;
- the chief of police or city marshal for an election ordered by a city authority; or
- the constable of the justice precinct in which the office of the political subdivision is located, or if the office of constable is vacant, the sheriff of the county in which the political subdivision is located if the election is ordered by an authority of a political subdivision other than a city or county.

Upon reconvening the ballot board, the presiding judge shall ensure that each ballot box is intact. The presiding judge shall follow these procedures each day except upon final delivery to the custodian of records.

If it is impracticable for the ballot board judge to deliver the ballot boxes each day upon adjournment, the authority conducting the election shall submit an alternate security procedure to the Secretary of State for approval.

CHAPTER 3 - QUALIFYING BALLOTS VOTED BY MAIL OR VOTED USING MAIL PROCEDURES

SECTION A. TYPES OF EARLY VOTING BALLOT APPLICATIONS

The early voting ballot board may encounter several types of applications for early voting ballots. There is not only one form that may be used. They include:

- The “Application for Ballot by Mail” prescribed by the Secretary of State. [Secs. 84.001(a), 84.011].
- An informal application for a ballot by mail, which is a written request by the applicant that is not made on the official application form prescribed by the Secretary of State. This application must comply with the statutory requirements for applying for a ballot by mail. [Sec. 84.001(c)].
- The “Application for Limited Ballot
- ” prescribed by the Secretary of State. [Sec. 112.005].
- The “Federal Post Card Application” (FPCA) used by military and overseas citizen voters. [Sec. 101.003].
- The “Application for Presidential Ballot” prescribed by the Secretary of State (only applicable in elections held in November of the presidential election year). [Sec. 113.003].
- The “Application for Emergency Early Voting Ballot Due to Sickness or Physical Disability” prescribed by the Secretary of State. [Sec. 102.002].
- The “Application for Emergency Early Ballot Due to Death in Family” prescribed by the Secretary of State. [Sec. 103.002].
- The “Affidavit for Voting at Early Voting Place on Election Day” prescribed by the Secretary of State for voting by disabled voters when electronic voting equipment is being used at the precinct polling place. [Sec. 104.002].

SECTION B. VALID REASONS FOR VOTING EARLY BY MAIL

Only the following persons may vote early by mail:

- Persons who are 65 years of age or older on election day. [Sec. 82.003].
- Persons who have a sickness or physical condition that prevents them from appearing at the polling place on election day without a likelihood of needing personal assistance or injuring the voter’s health. [Sec. 82.002(a)(1)].
- Persons who are expecting to give birth within three weeks before or after election day. [Sec. 82.002(a)(2)].
- Persons who are confined in jail at the time the application is submitted must be either:

- serving a misdemeanor sentence that ends on or after election day; or
- pending trial or appeal after denial of bail or if release on bail is unlikely until after election day. [Sec. 82.004].
- Persons who expect to be absent from the county of residence on election day and during regular early voting hours for that part of the period for early voting remaining after the application is made. [Sec. 82.001]. If this reason for voting early is checked, the address to which the ballot was mailed must be an address outside the county. [Sec. 86.003(c)(1)].
- Persons who are civilly committed under Chapter 841 of the Texas Health and Safety Code. [Sec. 82.008].

SECTION C. QUALIFYING EARLY VOTING BALLOTS VOTED BY MAIL

1. Each jacket envelope will contain:
 - a. an application for an early ballot to be voted by mail (or one of the other application procedures in Section A above) [Secs. 86.011(b), (c)]; if FPCA was submitted, jacket envelope must include a copy of the FPCA and the signature cover sheet;
 - b. the envelope in which the application was delivered to the early voting clerk, if applicable; and
 - c. the carrier envelope, which will contain:
 - a ballot envelope with the ballot inside; and
 - statements of residence, copy of identification, or other requested items, if applicable. [Sec. 86.002].
2. Remove the application and carrier envelope from the jacket envelope.
3. Check the voter's application to be sure that it states a legal ground for voting early by mail (see Section B above). [Sec. 87.041(b)(3)].
4. If the reason for voting early by mail is absence from the county, the application must show an address outside the county to which the ballot was mailed. [Sec. 87.041(b)(5)].

NOTE: If the application was submitted after the period for early voting by personal appearance began, the application must show that the voter was absent from the county when the application was submitted. A voter checking expected absence from county and providing an out of county address on the official application is sufficient.

5. If the grounds for voting by mail is either being 65 or over, or disability, and the applicant has not provided his or her official mailing address as shown on the list of registered voters as the address for mailing his or her ballot, the address provided must be that of a hospital, nursing home, other long term care facility, retirement center, or the address of a relative within the second degree by affinity or third degree by consanguinity with whom the applicant is living. [Sec. 86.003(c)(3)].

6. If the reason for voting early by mail is confinement in jail, the address to which the balloting materials must be addressed is that of the jail facility or a relative within the second degree by affinity or third degree by consanguinity. [Sec. 86.003(c)(2)].
7. Check to make sure that the address to which the ballot was mailed is one of the following:
 - a. the voter's residence or mailing address indicated on the voter's registration record;
 - b. the facility that the voter is residing at if the voter has indicated on his or her application to vote by mail that the reason for voting is 65 years of age or older or disability and has provided a mailing address that does not match the voter's official residence or mailing address, if the facility is one of the following:
 - (1) hospital;
 - (2) nursing home or long-term care facility;
 - (3) retirement center; or
 - (4) person related to the voter within second degree by affinity (marriage) or third degree by consanguinity. Relatives include: parent, child, brother, sister, grandparent, grandchild, great-grandchild, great-grandparent, uncle, aunt, nephew, niece, spouse, spouse's parent, son-in-law, daughter-in-law, brother's spouse, sister's spouse, spouse's brother, spouse's sister and spouse's grandparent.
 - c. the jail facility, if the reason for voting by mail is confinement in jail, or the address of a relative listed in Section C.6 above.
 - d. an address outside of the county, if the reason for voting by mail is expected absence from the county.
 - e. the voter's new address as provided on the enclosed statement of residence if the voter has moved within the county but has failed to update his address with the county voter registrar and is having a ballot mailed to a new residence address. [Secs. 84.002, 86.002, 86.003, 87.041].

NOTE: Although you will be looking to ensure that the ballot was mailed to an address, you will not be determining where the voter mails back the voter's ballot. You should not be looking at the delivery postmark.

8. Check the list of registered voters to ensure applicant is a registered voter. [Sec. 87.041(b)(4)].

Note: Due to various address confidentiality laws, some voters will not have a residential address next to their name on the list of registered voters.

- a. If an "S" notation appears next to a voter's name on the list of registered voters, or if the residence address on the application for ballot by mail does not match the residence address on the list of registered voters, the carrier envelope will be stamped "STATEMENT ENCLOSED." The voter's ballot may NOT be accepted UNLESS a completed, signed Statement of Residence is included in the carrier envelope. If a completed Statement of Residence is not enclosed, you must follow the corrective action process in Section 87.0411 (see Section F of this chapter).

b. If an "ID" notation appears next to a voter's name on the list of registered voters, the voter's ballot may NOT be accepted unless the voter encloses a copy of one of the documents listed below that establishes the voter's identity:

- (1) Texas Driver's License issued by the Department of Public Safety ("DPS");
- (2) Texas Election Identification Certificate issued by DPS;
- (3) Texas Personal Identification Card issued by DPS;
- (4) Texas Handgun License issued by DPS;
- (5) United States Military Identification Card containing the person's photograph;
- (6) United States Citizenship Certificate/Certificate of Naturalization containing the person's photograph; or
- (7) United States Passport.

NOTE: For voters who are aged 18-69, the above IDs may be expired for up to 4 years. For voters who are 70 years of age or older, the above IDs may be expired for any length of time. Please note that some IDs do not have expiration dates: Texas Personal Identification Cards for persons aged 60 or older may be permanent and marked "INDEF"; Texas Election Identification Certificates for persons aged 70 or older are permanent cards; some military ID cards are permanent, including Uniformed Services ID cards and Veterans Affairs ID cards, usually marked "INDEF"; and certificates of naturalization and certificates of citizenship do not expire.

If a voter does not possess, and cannot reasonably obtain, one of the above acceptable forms of photo identification, the voter may also enclose a copy of one of the supporting forms of identification listed below that establishes the voter's identity along with a signed [Reasonable Impediment Declaration](#):

- copy or original of a government document that shows the voter's name and an address, including the voter's voter registration certificate (other examples of government documents include, but are not limited to: driver's licenses from other states, ID cards issued by federally recognized Native American tribes (if the ID card contains an address), DPS Receipts (without a photo), expired voter registration certificates, and, for voters aged 18-69, expired Texas DPS-issued driver licenses or personal ID cards (over 4 years));
- copy of or original current utility bill that shows the voter's name and an address;
- copy of or original bank statement that shows the voter's name and an address;
- copy of or original government check that shows the voter's name and an address;
- copy of or original paycheck that shows the voter's name and an address; or

- copy of or original of (a) a certified domestic (from a U.S. state or territory) birth certificate or (b) a document confirming birth admissible in a court of law which establishes the voter's identity (which may include a foreign birth document) that shows the voter's name and an address.

NOTE: The address on either a supporting form of ID or an acceptable photo identification does not need to match the address on the list of registered voters.

***If a voter does not have a valid form of photo identification, the voter may apply for a free election identification certificate at a local Texas Department of Public Safety office. Reminder: (a) if a voter does not possess one of the seven (7) acceptable forms of photo identification, which, for voters aged 18-69, is not expired for more than four years, or, for voters aged 70 and older, may be expired for any length of time but is otherwise valid, and the voter can reasonably obtain one of these forms of identification; or (b) if the voter possesses, but did not bring to the polling place, one of the seven forms of acceptable photo identification, which, for voters aged 18-69, is not expired for more than four years, or, for voters aged 70 and older, may be expired for any length of time but is otherwise valid; or (c) if the voter does not possess one of the seven forms of acceptable photo identification, which, for voters aged 18-69, is not expired for more than four years, or, for voters aged 70 and older, may be expired for any length of time but is otherwise valid, could otherwise not reasonably obtain one, but did not bring a supporting form of identification to the polling place; and the voter does not have a permanent disability exemption indicated on his or her voter registration certificates, the voter may cast a provisional ballot at the polls.**

Exemption: Voters with a disability may apply with the county voter registrar for a permanent exemption. The application must contain written documentation from either the U.S. Social Security Administration evidencing the applicant's disability, or from the U.S. Department of Veterans Affairs evidencing a disability rating of at least 50 percent. In addition, the applicant must state that he or she has no valid form of photo identification. Those who obtain a disability exemption will be allowed to vote by presenting a voter registration certificate reflecting the exemption.

Provisional Voting: If a voter (a) does not possess one of the seven (7) acceptable forms of photo identification, which, for voters aged 18-69, is not expired for more than four years, or, for voters aged 70 and older, may be expired for any length of time but is otherwise valid, and the voter can reasonably obtain one of these forms of identification; or (b) possesses, but did not bring to the polling place, one of the seven forms of acceptable photo identification, which, for voters aged 18-69, is not expired for more than four years, or, for voters aged 70 and older, may be expired for any length of time but is otherwise valid; or (c) does not possess one of the seven forms of acceptable photo identification, which, for voters aged 18-69, is not expired for more than four years, or, for voters aged 70

and older, may be expired for any length of time but is otherwise valid, could otherwise not reasonably obtain one, but did not bring a supporting form of identification to the polling place; and the voter did not present a voter registration certificate with a permanent disability exemption indicated on his or her voter registration certificate, the voter may cast a provisional ballot at the polls.

The voter will have six (6) calendar days after election day to: (1) present to the voter registrar an acceptable form of photo identification; (2) execute a Reasonable Impediment Declaration and present to the voter registrar an acceptable form of supporting identification if the voter does not possess and cannot reasonably obtain one of the acceptable forms of photo identification; (3) complete one of the curing affidavits (consistent religious objection to being photographed or natural disaster exception), if applicable; or (4) qualify for a permanent disability exemption, if applicable.

- c. Certain persons may vote even though they are not registered to vote in your county and their names do not appear on your list of registered voters. They are:
- **Persons applying on Federal Post Card Applications.** The FPCA may be used by persons who are registered voters of your county or who are not registered voters of your county since the federal post card application acts as a temporary registration pending permanent voter registration status (see note below). [Sec. 101.001].
 - **Persons applying for limited ballots.** If a person moves from one county to another, and the person is either still registered in the former county of residence or was registered in the former county of residence when the person applied to register in the new county of residence, the voter may vote in the voter's new county of residence, on offices or propositions that are on the ballot in both the voter's new county and the county of his or her former residence. [Sec. 112.002].
- d. If the voter's name does not appear on the list of registered voters and he or she is not categorized in the group of voters listed in "c" above, the presiding judge must refer to the registration correction list, if provided, to see if the voter's name appears on that form.

SECTION D. QUALIFYING SIGNATURES FOR THE EARLY VOTING BALLOT BOARD

1. If the secrecy flap has not already been removed by the early voting clerk, the EVBB shall remove the secrecy flap on the carrier envelope to expose the required personal identification numbers.
2. Check the voter's application for ballot by mail and carrier envelope to be sure that the number of the voter's driver's license, election identification certificate, or personal identification card issued by the DPS or last four digits of social security number is included and is associated with the voter's registration record. If the voter has not been issued one of these

DPS numbers, the last four digits of the voter's social security number must be included on the application for ballot by mail and the carrier envelope and must be associated with the voter's registration record. If the voter has not been issued any of these numbers, the application for ballot by mail and the carrier envelope must include a statement that the voter has not been issued any of the numbers. The voter's registration record should also reflect that the voter has not been issued any of the numbers.

NOTE: The voter must also provide this personal identification information on the application for ballot by mail. However, if the voter includes an identification number on the carrier envelope, the number on the carrier envelope does NOT have to match the type of number on the voter's application for ballot by mail as long as both numbers are associated with the voter's registration record. [Secs. 84.002(a)(1-a), 86.002(g)].

3. If the voter did not provide a number for comparison or if the number provided does not match the number in the voter registration record, the Board shall initiate the corrective action process in Section 87.0411. See Chapter 4 of this handbook for more details.
4. The Board compares signatures on applications and corresponding carrier envelopes only to determine that the signatures on these documents are of the same person or not. [Sec. 87.041(b)(2)].
 - a. The Board may use electronic copies of the mail ballot application and carrier envelope certificate for comparing signatures.
 - b. The standard should be whether the two signatures could have been made by the same person.
 - c. If using electronic signatures to compare, have a plan in place and use that procedure throughout the duration.
5. The presiding judge of the Board has the authority to establish subcommittees of the Board's membership for purposes of signature review. If subcommittees are established, the number of members of each subcommittee should be an even number. In an election where party alignment is indicated on the ballot, the presiding judge of the Board should take that fact into consideration when establishing subcommittees. For purposes of determining a majority vote by a subcommittee, the Board should come to an agreement prior to the qualification of ballots as to what constitutes a majority vote and remain consistent with that process. The Board should also determine whether or not a subcommittee may make a signature determination by majority vote with the presiding judge of the Board serving as a tiebreaking vote, if needed.
6. Check to see that the certificate on the carrier envelope was properly executed. The certificate is the statement the voter signs and may include portions filled out by assistants or witnesses. [Sec. 87.041(b)(1)].
7. Check the signatures of the applicant on the application and on the carrier envelope to confirm that both signatures have been executed by the voter, unless either document was signed by a witness. [Sec. 87.041(b)(2)].

8. A voter may use different witnesses/assistants on the voter's application for ballot by mail and on the voter's certificate. If a voter uses a witness, you would not compare signatures and the ballot should be accepted pending all other qualifications.

EXCEPTION: If the voter applied for a ballot on the Application for Emergency Early Voting Ballot Due to Sickness or Physical Disability, the name, address, and signature of the representative who delivered the application to the early voting clerk must appear on the application and on the carrier envelope containing the voted ballot. The same representative who submitted the voter's application must deliver the voter's ballot back to the early voting clerk, and the same representative's name must appear on both the application and the carrier envelope. [Secs. 102.002, 102.004(b), 102.006(a), (b)].

9. The early voting ballot board may also compare the signatures on a voter's ballot application or carrier envelope with any known signature of the voter on file with the county clerk or voter registrar to determine whether the signatures are those of the voter. [Sec. 87.041(e)].
10. If there is no signature on the carrier envelope (by voter or witness), you must follow the corrective action process in Section 87.0411 (see Chapter 4 of this handbook). If the signature is not on the certificate but elsewhere on envelope, this satisfies Section 87.041(b)(1).

NOTE: Incomplete information about an assistant cannot be corrected and will result in a rejected mail ballot.

-- **EXCEPTIONS:**

- a. If the voter was unable to sign his or her name, the application and/or carrier envelope must each be signed by a witness. Different people may have witnessed the voter's mark on the application and on the carrier envelope. If the voter was unable to sign the application and/or carrier envelope himself or herself and one or both were signed by witnesses, then the signature will not be compared. [Sec. 87.041(b)(2)].
- b. If the voter applied for an early voting ballot on the Application for Emergency Early Ballot Due to Death in Family or the Affidavit for Voting at Early Voting Place on Election Day, the certificate on the carrier envelope does not need to be signed by the applicant. The carrier envelope will have a notation "103" or "104" written on it by the early voting clerk when the voter applies under these procedures. [Secs. 103.004(c), 104.004(c)].

NOTE: A voter's witnessed application or witnessed carrier envelope are not invalid merely because there is no explanation of the voter's inability to make his or her mark. A ballot may not be rejected merely because the voter signed either the application or the carrier envelope and the other document was witnessed.

- c. If the voter applied for a ballot on the Application for Emergency Early Voting Ballot Due to Sickness or Physical Disability, the name, address, and signature of the representative who delivered the application to the early voting clerk must

appear on the application and on the carrier envelope containing the voted ballot. The same representative who submitted the voter's application must deliver the voter's ballot back to the early voting clerk, and the same representative's name must appear on both the application and the carrier envelope. [Secs. 102.002, 102.004(b), 102.006(a), (b)].

- d. Applicants applying for a limited ballot or a presidential ballot also known as a restricted ballot must have two applications if voting this procedure by mail (i.e., the application for early ballot by mail and the application for the "restricted" ballot) enclosed in the jacket envelope. [Secs. 111.004, 112.005, 113.003].
11. If a voter provides personal identification information on the carrier envelope that matches the voter's registration record, the signatures on the application for ballot by mail and on the carrier envelope shall be rebuttably presumed to be the signatures of the voter. However, the Board MUST compare signatures when making a determination to accept a ballot regardless of whether the presumption in favor of the voter exists due to the personal identification numbers matching the voter's registration record. [Sec. 87.041(d-1)].
12. The only way to reject a mail ballot due to a signature mismatch is for a member of the Board to rebut the presumption. The presumption may be rebutted by presenting other past signatures on file with the early voting clerk or voter registrar that would support a finding that the signatures on the carrier envelope and the application are not those of the same voter.
13. **The voted ballots that have signatures that have been accepted shall be separated from voted mail ballots that have signatures that have been rejected.**

SECTION E. ACCEPTED BALLOTS

If the application and carrier envelope meet the requirements discussed above, the ballot must be accepted and may be counted. [Sec. 87.041].

1. Open the carrier envelope without defacing the certificate on the carrier envelope and remove the ballot envelope. [Sec. 87.042(a)].
 - a. A ballot is considered valid even if it is not enclosed in a ballot secrecy envelope; the voter simply loses his/her secrecy of the votes cast. [Secs. 86.005(d), 87.042(d)].
 - b. If the front of the carrier envelope has "Statement Enclosed" stamped on it, check to see that the statement of residence form is enclosed. If the applicant's name appears on the list of registered voters with an "S" notation beside it, the applicant is required to complete the statement of residence prior to voting. If the completed, signed statement is not enclosed, you must follow the corrective action process in Section 87.0411 (see Section F of this chapter).

NOTE: It is the position of the Office of the Secretary of State that the lack of a statement of residence form included in the envelope of an FPCA voter does not result in a rejected ballot since the FPCA would act as a temporary registration that would prevail over the residence address provided on any previous registration applications already on file.

- c. If the applicant's name appears on the list of registered voters with an "ID" notation beside it, an applicant who possesses an acceptable form of photo identification is required to submit a copy of acceptable photo identification (or, if the voter does not possess, and cannot reasonably obtain, an acceptable form of photo ID, a signed Declaration of Reasonable Impediment (see Form 6-28) and an acceptable form of supporting documentation, or, if the voter has a voter registration certificate with an "E" notation on it, that), along with the voter's mail ballot, unless the voter checks one of the "Exemptions (If Applicable)" boxes on Form 6-28.
2. Place the unopened ballot envelope in a ballot box or other safe container. [Sec. 87.042(b)].
3. Enter the voter's name on the poll list for early voters voting by mail or list for voters using other mail procedures such as limited ballot. [Secs. 87.041(c), 102.008, 103.005, 104.006].
4. If the voter is an FPCA voter, make the proper "FPCA" notation on the poll list next to the voter's name. [Sec. 101.004].
 - a. If the voter applied for a limited ballot, make the proper "Limited Ballot" notation on the poll list next to the voter's name. [Sec. 111.008].
 - b. In presidential general elections, if the voter applied for a presidential ballot only, make the proper "Pres. Ballot" notation on the poll list next to the voter's name. [Sec. 111.008].
 - c. If the voter is an overseas citizen voter eligible only for a federal ballot, place a check in the column "Overseas Citizen" on the poll list next to the voter's name. (Only applicable in *primary* and general elections for state and county officers since these voters are limited to federal offices only.) [Sec. 111.008].
5. Place the application for the early voting ballot and the envelope that was used to mail the application (if applicable), the carrier envelope, and any accompanying papers back into the jacket envelope. (If the jacket envelope is to be used in a subsequent election, the early voting clerk may provide another envelope to be used in lieu of the jacket envelope.) Place any affidavits, statements of residence, and copies of identification in Envelope No. 4 to be delivered to the voter registrar. [Sec. 87.044(a)].
6. **In an election in which ballots are to be hand-counted:** At least 10 early voting ballots voted by mail must be qualified before the ballots may be counted. Ballots may be removed for manual, hand counting at any time when there are at least 10 ballot envelopes containing ballots that have been qualified in the ballot box (or other safe container).
7. If ballots are to be counted by electronic equipment: The general custodian of election must transmit the accepted by mail ballots to the presiding judge of the central counting station in a locked and sealed ballot box or other container approved by the Secretary of State.

SECTION F. REJECTED BALLOTS

If the application and carrier envelope do not meet the requirements discussed above, the ballot must be rejected and may not be counted. [Sec. 87.041(d)]. If a ballot is received that includes the required statement of residence, but the voter indicates that the voter now resides outside of the boundaries of the political subdivision conducting the election, the ballot must be rejected and may not be counted.

If a ballot is received and the voter did not sign the carrier envelope; or it cannot be determined that the signature on the carrier envelope is the voter's signature; or the carrier envelope is missing a required statement of residence; or the carrier envelope has missing or incorrect personal identification information; or the witness information is incomplete, the early voting ballot board must follow the corrective action process outlined in the Texas Election Code. [Sec. 87.0411]. **See Chapter 4 of this handbook for detailed instructions regarding the corrective action procedures.** **NOTE:** Incomplete information about an assistant cannot be corrected and will result in a rejected mail ballot.

1. If the application and carrier envelope do not meet the requirements of the Code and the voter does not correct the defects (if applicable), write the word "rejected" on the carrier envelope. [Sec. 87.041(d)].
2. Write the word "rejected" on the corresponding jacket envelope. [Sec. 87.041(d)].
3. Place the unopened carrier envelopes containing rejected ballots in the large envelope or container marked "Rejected Early Voting Ballots." [Sec. 87.043(b)].
4. The "Rejected Early Voting Ballot" envelope must be sealed and signed by the presiding judge, and the date and nature of the election must be written on the envelope. More than one envelope may be used if necessary. Record the number of rejected ballots, which are placed in the envelope for rejected ballots. [Secs. 87.043(a), (b)].
5. If the ballot was rejected after the carrier envelope was opened, the presiding judge should make a note on the carrier envelope of the reason the carrier envelope was opened and then rejected. [Sec. 87.043(d)].
6. Place the application, the envelope used to mail the application to the early voting clerk (if applicable), and any accompanying papers or affidavits in the corresponding jacket envelope. (If the jacket envelope is to be used in a subsequent election, the early voting clerk may provide another envelope to be used in lieu of the jacket envelope.) [Sec. 87.044(a)].
7. The EVBB judge must deliver written notice to the voter of the reason for the rejection of his or her ballot no later than the 10th day after election day. [Sec. 87.0431]. If this notice is not provided within 10 days and the ballots have been sent back and placed in a ballot box, a court order will be needed to reopen the ballot box. Please contact our office for sample court orders if needed.

CHAPTER 4 - CORRECTIVE ACTION PROCEDURES

SECTION A. CARRIER ENVELOPE DEFECTS THAT ARE SUBJECT TO CORRECTIVE ACTION PROCEDURES

The following defects are eligible for correction when identified by the early voting ballot board [Sec. 87.0411(a)]:

- The voter did not sign the carrier envelope certificate.
- The EVBB cannot determine whether the signature on the carrier envelope is that of the voter.
- The voter did not include the required Statement of Residence.
- The personal identification information required under Section 84.002(a)(1-a) (ABBM) or Section 86.002 (carrier envelope) was missing or contained incorrect information.
- If a voter used a witness for completion of the carrier envelope, the witness information was incomplete.

NOTE: Incomplete information about an assistant cannot be corrected and will result in a rejected mail ballot.

SECTION B. PROCEDURES FOR CORRECTIVE ACTION

1. Not later than the second day after the early voting ballot board discovers one of the above defects and before the board decides whether to accept or reject a timely delivered ballot, the EVBB shall send the voter a notice of the defect and a corrective action form developed by the Secretary of State by mail or by common or contract carrier. Examples of common or contract carriers include United Parcel Service (UPS), FedEx, DHL, or a local courier service.
2. **Notifying Voter by Mailing Notice of Defect and Corrective Action Form:** The board must include with the notice delivered to the voter a brief explanation of each defect in the carrier envelope. The notice must also inform the voter that the voter may: (A) cancel the voter's application to vote by mail in the manner described by Section 84.032; or (B) correct the defect in the voter's ballot by: (i) submitting a corrective action form developed and made available by the Secretary of State by mail or by common or contract carrier; or (ii) coming to the early voting clerk's office not later than the sixth day after election day. **The EVBB no longer has authority under Section 87.0411 of the Code to return the defective carrier envelope to the voter.** Poll watchers are entitled to observe this process. [Sec. 87.0411].
3. The SOS recommends that when preparing to mail the voter a notice of the defect and a corrective action form, the EVBB take several actions, including the following:
 - a. Stamp or mark the voter's carrier envelope with the words "Corrective Action Required."

- b. Note the appropriate defect on the Notice of Defective Carrier Issued by Signature Verification Committee or Early Voting Ballot Board (Form).
 - c. Send the voter's Notice of Defective Carrier Issued by Signature Verification Committee or Early Voting Ballot Board and corrective action form by mail or by common or contract carrier. The early voting clerk should include an envelope for the voter to return the corrective action form to the early voting clerk. This envelope should contain the Official Election Mail logo prescribed by the United States Postal Service (USPS). The voter must be notified if the return envelope needs additional postage.
 - d. Enter the voter's information on the Roster of Voters with Defective Carrier Envelopes.
 4. **Notifying the Voter by Phone or Email:** If the board determines that it would not be possible for the voter to receive the notice of defect within a reasonable time to correct the defect, the EVBB may notify the voter of the defect by telephone or email and inform the voter that the voter may request to have the voter's application to vote by mail canceled in the manner described by Section 84.032 of the Code, submit a corrective action form developed by the Secretary of State by mail or by common or contract carrier, or come to the early voting clerk's office in person not later than the sixth day after election day to correct the defect. [Sec. 87.0411(c)].
 5. If the EVBB takes one of the actions described above, the EVBB must take that action with respect to each ballot in the election to which these options apply. [Sec. 87.0411(d)].
 6. **Notifying the Voter by Email**
 - a. If the EVBB notifies the voter by email, the EVBB should send the voter the Notice of Carrier Defect Issued by Signature Verification Committee or Early Voting Ballot Board via email. The voter's name should be entered on the Roster of Voters with Defective Carrier Envelopes – Notified by Phone or Email, and the action taken by the voter should be noted on the roster.
 - b. The early voting clerk should set up an email address for corrective action notifications. The early voting clerk and the EVBB should establish rules and procedures for utilizing this email address. Any emails sent or received through the corrective action process are considered election records under the Election Code, are subject to the Public Information Act, and should be retained by the general custodian of election records.
 7. **Notifying the Voter by Phone**
 - a. If the EVBB notifies the voter by phone, the voter should be contacted using any known phone number on file with the early voting clerk or in the possession of the EVBB.
 - b. The voter registrar may not transcribe, copy or otherwise record a telephone number furnished on a voter registration application. Therefore, the EVBB may be able to review a voter registration application at the voter registrar's office to

obtain a phone number. The registrar may also read a phone number from a voter registration application to a member of the EVBB, if necessary.

- c. The EVBB should create a phone script that explains to the voter that the voter's ballot by mail was received by the early voting clerk's office and has been reviewed by the EVBB. The EVBB should confirm the voter's identity using publicly available information. For example, the EVBB may ask the voter to confirm his or her voter registration address and whether the voter requested a ballot for a given election. The voter should be told that a defect was discovered in the carrier envelope and the specific defect(s) should be explained. The EVBB should explain the process for the voter to correct the defect in the carrier envelope by appearing at the early voting clerk's office, by submitting a corrective action form by mail or common or contract carrier, or by cancelling the voter's mail ballot and voting in person during early voting or on election day. The EVBB should provide a return phone number that the voter may use to confirm that the voter was contacted by the EVBB. The number provided should be the number of the early voting clerk's office so that the voter can verify this information and obtain details about the corrective action process during times that the EVBB is not meeting. The voter's name should be entered on the Roster of Voters with Defective Carrier Envelopes – Notified by Phone or Email, and the action taken by the EVBB should be noted on the roster.
 - d. If the EVBB is unable to contact the voter, the EVBB should leave a detailed message explaining that the EVBB determined there was a defect in the voter's carrier envelope and explain the process for correcting the defect. The EVBB should NOT provide any details related to a voter's personally identifiable information on a voicemail or with a person who is not the voter. The EVBB should leave a return number that the voter may use to validate the information provided by phone.
 - e. The EVBB should also mail the voter a Notice of Carrier Defect Issued by Signature Verification Committee or Early Voting Ballot Board and corrective action form to inform the voter of the ability to correct the defect by appearing at the early voting clerk's office, by submitting a corrective action form by mail or common or contract carrier, or by cancelling the voter's mail ballot and voting in person during early voting or on election day. The voter's name should be entered on the Roster of Voters with Defective Carrier Envelopes – Notified by Phone or Email, and the action taken by the EVBB should be noted on the roster.
8. **If the EVBB does not have a phone number or email to notify the voter**, the EVBB should send the voter a Notice of Carrier Defect Issued by Signature Verification Committee or Early Voting Ballot Board (Form) and the corrective action form by mail or common or contract carrier in order to inform the voter of the ability to correct the defect by appearing at the early voting clerk's office, by submitting a corrective action form by mail or common or contract carrier, or by cancelling the voter's mail ballot and voting in person during early voting or on election day.

9. In addition to sending the voter a notice of the defect or notifying the voter of the defect by phone or email, the EVBB must permit the voter to correct a defect using the Secretary of State's online Ballot by Mail Tracker, if possible. The EVBB must provide this status information to the county early voting clerk, who submits the information via TEAM to update the Ballot by Mail. As noted above, **the EVBB no longer has authority under Section 87.0411 of the Code to return the defective carrier envelope to the voter.**
10. Any actions taken by the EVBB shall be uniformly applied to every ballot in the election to which this procedure applies. [Sec. 87.0411(d)]. A poll watcher is entitled to observe any action taken by the EVBB related to the corrective action process. [Sec. 87.0411(e)]. Poll watchers may not transcribe or make notes of any voter's personally identifiable information while observing the activities of the EVBB.

SECTION C. POSSIBLE SCENARIOS RELATED TO PERSONAL IDENTIFICATION REQUIREMENTS

- **Scenario 1:** Voter provides a personal identification number on the carrier envelope that matches the number in the voter's voter registration record. The EVBB has completed the verification of personal identification information and should perform its remaining duties in the ballot review process. If the EVBB does not identify any other ground for rejection, the ballot would be accepted.
- **Scenario 2:** Voter provides a personal identification number on the carrier envelope that matches the number in the voter's voter registration record, but it is a different type of number than what the voter listed on the ABBM. (Example: Voter provided last four digits of social security number on ABBM and a driver's license number on carrier envelope.) Because the voter's voter registration record contains both personal identification numbers, the EVBB is able to verify the voter's identity. The EVBB should perform its remaining duties in the ballot review process. If the EVBB does not identify any other ground for rejection, the ballot would be accepted.
- **Scenario 3:** Voter provides the last four digits of the voter's social security number on the carrier envelope. The voter registration record contains a driver's license number and social security number. The EVBB is able to validate that the partial social security number on the carrier envelope matches the number in the voter's voter registration record. The EVBB should perform its remaining duties in the ballot review process. If the EVBB does not identify any other ground for rejection, the ballot would be accepted.
 - **NOTE:** The obligation of the EVBB in reviewing the identification information on a carrier envelope is to determine if the information provided by the voter on the envelope identifies the same voter identified on the voter's voter registration record. [Secs. 87.041(b)(8), 87.0411].
- **Scenario 4:** Voter indicates on the carrier envelope that the voter has not been issued any of the required personal identification numbers, and the voter's voter registration record does not contain any of these numbers. The EVBB has completed the verification

of personal identification information, and it must rely on the signature comparison process for this part of the review. The EVBB should perform its remaining duties in the ballot review process. If the EVBB does not identify any other ground for rejection, the ballot would be accepted.

- **Scenario 5:** Voter provided one of the required personal identification numbers on the ABBM that matched the voter's voter registration record, but the voter does not include an identification number on the carrier envelope. The EVBB must notify the voter of the ability to correct this defect in the carrier envelope, as described in more detail below. If the voter timely corrects the defect, and there are no other grounds for rejection, the ballot would be accepted.
- **Scenario 6:** Voter provided one of the required personal identification numbers on the ABBM that matched the voter's voter registration record, but the voter indicates on the carrier envelope that the voter has not been issued one of the applicable identification numbers. The EVBB must notify the voter of the ability to correct this defect in the carrier envelope. If the voter timely corrects the defect, and there are no other grounds for rejection, the ballot would be accepted.

SECTION D. ESTABLISHING TIMELINES AND GUIDELINES FOR THE CORRECTIVE ACTION PROCESS

1. The EVBB must set a uniform policy for when notices and corrective action forms will be submitted to the voter by mail or common or contract carrier versus when voters will be notified of the defect by phone or email. See recommendations below regarding establishing a specific deadline for transitioning to phone/email notification.
2. The EVBB should determine whether it will notify voters of a defect by both phone and email, if both are available.
3. The EVBB should establish a policy for making multiple attempts to reach a voter if it is unsuccessful in reaching a voter by phone or email on the first attempt.
4. When the EVBB is determining whether there is adequate time to submit the notice and corrective action form to the voter by mail or common or contract carrier, we strongly recommend that it takes into account postal delivery time frames. According to the USPS, first-class delivery can take up to five business days. The SOS recommends that the EVBB implement a policy to provide notification of a defect by phone or email to all voters whose ballots are reviewed by the EVBB on or after the 14th day before election day (approximately 10 business days).
5. The SOS recommends the EVBB continue their qualification of ballots on a rolling basis throughout the authorized meeting period to ensure that voters who are eligible to correct defects are notified as quickly as possible of the defect and their correction options. Notice of all EVBB meeting times should be posted timely to ensure that poll watchers are aware of when the EVBB meetings will occur.

SECTION E. METHODS OF CORRECTING DEFECTS IN CARRIER ENVELOPE

A voter may correct a defect in his or her carrier envelope in the following ways:

- Returning the corrective action form by mail or by common or contract carrier.
- Appearing in person and completing a corrective action form.
- Utilizing the Secretary of State's Ballot by Mail Tracker, for missing or incorrect personal identification information.
- For a missing Statement of Residence, the voter may update the residence address associated with his or her voter registration record online at www.Texas.gov. The early voting clerk must review the online record to confirm whether the voter updated the residence address associated with his or her voter registration record by the required deadline in order to provide this information to the EVBB.

SECTION F. BALLOT BOARD ACTIONS AFTER CORRECTIVE ACTION HAS BEEN COMPLETED BY THE VOTER

1. The early voting clerk should make arrangements with the EVBB presiding judge to receive an updated copy of the Roster of Voters with Defective Carrier Envelopes after each meeting of the EVBB in which the board qualifies voted ballots for signature comparison or makes a determination to accept or reject voted ballots.
2. The early voting clerk shall provide any Corrective Action Form for Defective Carrier Envelope received along with an updated copy of the roster to the EVBB for the board's final review of ballots. The SOS recommends that this information be provided to the EVBB prior to any meeting of the EVBB.
3. On election day, if the EVBB is meeting prior to the closing of the polls, it should be provided with any Corrective Action Form for Defective Carrier Envelope received before its meeting and any forms received up until the polls close on election day.
4. Upon receiving any Corrective Action Form for Defective Carrier Envelope that voters provided in person, or a notification from the early voting clerk that a voter provided missing or incorrect personal identification information through the Ballot by Mail Tracker, or a notification that the voter updated the residence address associated with his or her voter registration record online at www.Texas.gov, the EVBB must review the carrier envelope and associated paperwork to make a determination whether to accept or reject the ballot. [Sec. 87.0411(g)].
5. Because a voter has until the sixth day after election day to correct the defect(s), the voter's ballot may not be finally rejected for the reason provided in the Notice of Defective Carrier Issued by Signature Verification Committee or Early Voting Ballot Board before the seventh day after election day. [Sec. 87.0411(g)].

SECTION G. IMPACTS ON FEDERAL POST CARD APPLICATION (FPCA) VOTERS

The requirements that an ABBM contain a voter's personal identification information apply to Federal Post Card Application voters. The FPCA form already includes a place for a voter to provide this information, as the form is also used for voter registration purposes. If a voter fails to include his or her personal identification number on the FPCA, the may correct this defect by submitting a new FPCA. If the voter is already registered, the voter may validate his or her identification number in the Secretary of State's Ballot by Mail Tracker.

1. The EVBB must review an FPCA voter's returned carrier envelope or signature sheet just as they would for a regular ABBM voter.
2. If the FPCA voter provided incorrect identification information on his or her carrier envelope or signature sheet, did not provide any identification information, failed to sign the carrier envelope or signature sheet or the signature provided could not be determined to be that of the voter, failed to provide complete information with respect to a witness, or did not include the Official Election Signature Sheet for an FPCA Voter, the voter must be notified of the defect in the same manner as a regular ABBM voter.
3. Because the signature sheet is separate from the voted ballot and is authorized under state and federal law, FPCA voters who have a defect in their signature sheet have additional methods for returning this corrected or missing required documentation. Specifically, an FPCA voter may submit a corrected signature sheet by email, fax, personal delivery, or mail. The EVBB should make an appropriate notation on their roster to indicate how FPCA voters were notified of a defect and how the FPCA voter provided the corrected signature sheet to the EVBB. [Secs. 1.007, 31.003, 31.004, 87.0411(f), 101.007, 101.109].
4. FPCA voters must also correct the defect(s) in their carrier envelope or signature by the sixth day after election day.

CHAPTER 5 - HAND-COUNTED PAPER BALLOTS

In elections in which the early voting ballot board will be hand-counting the early voting in person ballots and/or the early voting by mail ballots, the procedures described in this chapter apply. **NOTE:** There is no legal authority for the early voting ballot board to hand-count election day ballots.

SECTION A. ESTABLISHING THE COUNTING TEAMS

1. There may be more than one counting team to tally the early voting ballots. [Secs. 81.002, 65.001].
2. Each counting team must consist of two or more early voting ballot board members. [Secs. 81.002, 65.001].
 - a. One member will be designated the reader.
 - b. The reader may also keep a tally list.
 - c. If there are only two members on a team, one member will keep two tally lists, and the reader will keep one tally list in addition to reading the ballots
3. If there is more than one counting team, after all ballots have been counted, the votes for each candidate and/or proposition must be added together with the tallies of the other counting teams, and the totals must be placed on the return sheet.
4. A member of a counting team may not be replaced after the vote tallying is begun unless each existing discrepancy among the three tally lists is corrected before the replacement is made. [Secs. 81.002, 65.006(a)].
5. If a counting member is replaced, he or she must certify the accuracy of the tally list as of the time he or she was replaced. [Secs. 81.002, 65.006(b)].

SECTION B. OPENING THE BALLOT BOX CONTAINING HAND-COUNTED PAPER BALLOTS

NOTE: ELECTRONIC BALLOTS CAST IN PERSON ARE NOT TABULATED BY THE EARLY VOTING BALLOT BOARD, BUT RATHER AT A CENTRAL COUNTING STATION.

1. Open the double-locked ballot box containing the ballots voted by personal appearance. [Sec. 87.062].

NOTE: The early voting clerk will deliver one key to the ballot box when he or she delivers the ballots. The custodian of the second key will deliver the second key at the time specified by the early voting ballot board's presiding judge. [Secs. 87.021(1), 87.025].
2. After the presiding judge opens the ballot box, the judge shall remove any provisional ballots and verify the number of provisional ballots in the ballot box, which is reflected on the Early Voting List of Provisional Voters.

3. The provisional ballots shall be prepared for delivery to the voter registrar and placed in a closed and sealed box for delivery by the general custodian of election records to the voter registrar. [1 T.A.C. § 81.174].
4. All early voting ballots must be sorted by precinct before they are counted so that a separate total of early voting votes cast in each precinct may be obtained. [Sec. 87.1231].
5. For political subdivisions using hand-counted paper ballots, early voting ballots cast by personal appearance may be counted while the ballots cast by mail are being qualified if the early voting ballot board consists of enough members.
6. When at least 10 early voting ballots cast by mail have been qualified and placed in the ballot box or other container, the ballot envelopes may be removed from the box or container, opened, the ballots removed, the ballot envelopes discarded, and the ballots counted. This process may be repeated any time there are at least 10 ballot envelopes in the box or container. [Sec. 87.062(a)].

NOTE: If there is more than one ballot in a ballot envelope, neither ballot may be counted. The presiding judge must make a notation on the back of each ballot of the reason the ballot was not counted. These ballots are then placed with the voted ballots in the early voting ballot box. [Secs. 65.010(a)(2) and 65.012].

SECTION C. RULES GOVERNING THE COUNTING PROCEDURE

1. The ballots must be counted separately by precinct. [Sec. 87.1231].
2. Ballots voted by mail must be tabulated and stored separately from the ballots voted by personal appearance and must be separately stated on the returns. [Sec. 87.062(c)].
3. Three original tally lists are required for each precinct. [Secs. 65.004, 87.1231]. A separate page of the same tally book may be used for each precinct's tally list. These tally lists should be completely filled out, and include the following:
 - Names and offices of candidates and/or propositions;
 - Date;
 - Precinct number;
 - Type of election;
 - Name of presiding judge; and
 - Signature of the person keeping the tally list.
4. Before the counting begins, the early voting ballot box should be inspected to ensure that it is empty. It should then be locked and remain locked (except as authorized by the presiding judge), and within view of the counting officials. [Sec. 65.003(c)].
5. No marks should be made on any ballot by an election official, except that if a ballot is not counted because the judge determines it was not provided by the early voting clerk or because two or more ballots were folded together, an election official must indicate on the back of the ballot the reason for not counting it. [Sec. 65.010(c)].

SECTION D. THE COUNTING PROCEDURE

1. The reader must read and distinctly announce to the officials keeping the tally lists each name of a candidate or proposition for which there is a vote. [Sec. 65.005(a)].
2. The intent of the voter in marking the ballot may be determined by:
 - a distinguishing mark adjacent to the name of a candidate or voting choice associated with a proposition;
 - an oval, box, or similar marking clearly drawn around the name of a candidate or a voting choice associated with a proposition;
 - a line drawn through:
 - the names of all candidates in a manner that indicates a preference for the candidate not marked if the names of the candidates not marked do not exceed the number of persons that may be elected to that office;
 - a voting choice associated with a proposition in a manner that clearly indicates a preference for the other voting choice associated with the proposition; or
 - any other evidence that clearly indicates the intent of the voter in choosing a candidate or deciding on a proposition. [Sec. 65.009].
3. As each vote is read, a tally mark is made by the corresponding name or number on the tally lists. [Sec. 65.005(a)].
4. The tally lists should be compared periodically and any errors or discrepancies corrected. [Sec. 65.005(b)].
5. When the reader has completely read and announced all the votes on the ballot, he or she deposits the ballot in the locked early voting ballot box. [Sec. 65.012(a)].
6. Any voted ballot that is not counted is also deposited in the box containing the counted ballots. [Sec. 65.012(b)].

NOTE: A ballot that was not counted should contain a clear notation on the back that it was not counted to avoid an accidental counting during a recount, etc. [Sec. 65.010(c)].

SECTION E. RULES FOR COUNTING MANUALLY-CAST OR HAND-COUNTED BALLOTS

General Rules (See generally, Chapter 65 and Secs. 64.003-64.006)

1. The voter should mark his or her ballot by placing an "X" or other mark in the square beside each candidate or proposition which he or she wishes to vote (See Figure 1). [Sec. 64.003].
2. Election officials shall not refuse to count a ballot because the voter marked his or her ballot by scratching out the names of candidates for whom, or the statement of propositions for which, he or she did not want to vote (See Figure 2). [Sec. 65.009(b)].

- Where more than one candidate square is marked, those votes may not be tallied, and the ballot may be counted only for candidates individually marked, if any. (If there are no candidates individually marked, no portion of the ballot is counted.) [Sec. 65.009(d)].
- An entire ballot cannot be voided if the intent of the voter can be determined for any one race or proposition on the ballot. [Sec. 65.009(c)].

Eighth Office	* <input type="checkbox"/> Candidate	<input type="checkbox"/> Candidate		<input type="checkbox"/> Candidate	
Etc.					

Rules for Counting Individual Votes

An individual vote is not counted in the following situations:

- If the intent of the voter cannot be determined. [Sec. 65.009(c)].

2. If the voter marked more than one candidate for one race (“overvote”).
3. In municipal, school board, or other political subdivision elections where it is possible to vote for more than one candidate in the same race, a ballot may not be counted if a voter has marked more candidates than are to be elected. [Sec. 65.011]. A ballot is not invalid if the voter has marked fewer candidates than the number to be elected (“undervote”). [Sec. 65.009] (See Figure 3 and Figure 4).

Figure 3. Illustration of overvoting; voter has voted for more candidates than are to be elected. (No portion of this ballot is counted.)
VOTE FOR NONE, ONE, TWO, OR THREE

<input checked="" type="checkbox"/> Candidate <input type="checkbox"/> Candidate <input checked="" type="checkbox"/> Candidate <input type="checkbox"/> Candidate <input type="checkbox"/> Candidate <input type="checkbox"/> Candidate

Rules for Counting Write-in Votes

An individual vote is not counted in the following **write-in voting situations**:

1. The voter used a sticker or rubber stamp with the name of a write-in candidate printed or written on it. [Sec. 65.008(b)].
2. The election is a November general election, city council officer elections, an independent or common school district trustee election, special elections for state representative and state senator, or other elections where declaration of write-in is required and the voter writes in the name of a person whose name is not on the list of

declared write-in candidates. [Secs. 144.006, 146.031(d), 146.054, 146.055, 146.082, 171.0231, Election Code; Secs. 11.056(c), 11.304, 130.081, 130.0825, Education Code; Sec. 285.131, Health and Safety Code; Secs. 326.0431 & 326.0432, Local Government Code; Secs. 36.059, 49.101, 63.0945, Water Code].

3. *The election is a primary and the voter writes in a vote for a candidate for public or party office; write-in voting in a primary election is not permitted. [Sec. 172.112].*
4. The election is a runoff election and a voter writes in any candidate’s name; no write-in votes may be counted at a runoff election. [Sec. 146.002].
5. The voter voted for the presidential candidate of one party and the vice-presidential candidate of another party or voted for the presidential or vice-presidential candidate of one party and wrote in the name of a candidate he or she desires to vote for instead of that candidate’s running mate. [Sec. 192.037].

Where the voter fails to properly mark an “X” in the write-in box, the write-in vote may be counted if the presiding judge can determine the intent of the voter. [Secs. 52.070(e), 65.009].

Etc.					

Not Counting an Entire Ballot

A ballot is not counted in the following situations:

1. A ballot is not counted if the intent of the voter cannot be determined. [Sec. 65.009]. (See Figure 6).
2. A ballot is not counted if two or more ballots are folded together in a manner that indicates they were folded together when deposited in the ballot box by the voter. [Sec. 65.010(a)(2)].
3. A ballot is not counted if the ballot is not numbered or not signed by the judge and the judge determines that this ballot was not provided at the polling place. However, this ballot may be counted if the judge determines that it was provided at the polling place. [Secs. 65.010(a)(1), (b)].
4. A provisional ballot found by an election worker not contained within the provisional voter affidavit envelope. [1 T.A.C. §§ 81.172-81.174].

Figure 6. Illustration of lack of knowledge of intent of voter. (No portion of this ballot is counted.)

Seventh Office	<input checked="" type="checkbox"/> Candidate	<input checked="" type="checkbox"/> Candidate			
Eighth Office	<input checked="" type="checkbox"/> Candidate	<input checked="" type="checkbox"/> Candidate		<input type="checkbox"/> Candidate	
Etc.					

SECTION F. HANDLING THE ELECTION RETURNS FOR PAPER BALLOTS

1. Making out the returns.
 - a. After all ballots are counted, the tally list, including separate totals for precincts, must be totaled and signed by the counting officer keeping it. If more than one officer has kept one particular list, each officer signs the list upon finishing. [Sec. 65.005(c)].
 - b. Total each tally list to obtain the total number of votes cast for each candidate and/or for or against each proposition. [Sec. 65.005(c)].
 - c. The presiding judge must make out and sign all copies of the returns. [Sec. 65.014(c)].
 - d. A separate return sheet must be made for each precinct. [Sec. 87.1231].
 - e. Ballots voted by mail must be tabulated and stored separately from the ballots voted by personal appearance and must be separately stated on the returns. [Sec. 87.062(c)].
 - f. Election officials should also prepare a summary return sheet to show complete early voting returns for all precincts.
2. Distribution of election returns, poll lists, and tally lists.
 - a. There must be four copies of the returns for each precinct. [Secs. 65.014(c), 87.1231].
 - b. There must be three copies of the poll list (or four copies of the combination form). [Sec. 63.003(b)].
 - c. There must be three originals of the tally list for each precinct. [Secs. 65.004, 87.1231].
3. Five envelopes for distribution of election records are furnished with the supplies.
 - a. Envelope No. 1 is addressed to the presiding officer of the local canvassing authority. [Sec. 66.003(b)(1)].
 - County judge (general election for state and county officers or election held by the county).
 - *County chair (primary election).*
 - Mayor (municipal election).
 - Presiding officer of the governing board (other elections).
 - b. Envelope No. 2 is addressed to the general custodian of election records. [Secs. 66.001, 66.003(b)(2)].
 - County clerk or county elections administrator (general election for state and county officers, election held by the county, *primary election*).
 - City clerk or secretary (municipal election).
 - Secretary of the governing board, or if none, the presiding officer of the governing board (other elections).
 - c. Envelope No. 3 is addressed to the early voting ballot board judge. [Sec. 66.003(b)(3)].
 - d. Envelope No. 4 is addressed to the Voter Registrar. [Sec. 66.003(b)(4)].

- e. *Envelope No. 5 is addressed to the County Chair in a primary election.*
- 4. The records of the election must be distributed as follows:
 - a. Contents of Envelope No. 1. [Sec. 66.022].
 - (1) The original of the election returns of early voting ballots for each precinct.
 - (2) One copy of the tally list for each precinct (from each counting team, if applicable).
 - b. Contents of Envelope No. 2. [Sec. 66.023].
 - (1) A copy of the returns of the early voting ballots for each precinct and the summary return.
 - (2) A copy of the tally list for each precinct (from each counting team, if applicable).
 - (3) The original of the poll list of early voting voters voting by personal appearance and by mail.
 - (4) The signature roster.
 - (5) The precinct early voting list.
 - (6) Any affidavits completed at the polling place.
 - (7) Any certificates of appointment of poll watchers.
 - c. Contents of Envelope No. 3. [Sec. 66.024].
 - (1) A copy of the returns of early voting ballots for each precinct and the summary return.
 - (2) A copy of the poll list of early voters voting by personal appearance and by mail.
 - (3) A copy of the ballot register.
 - d. Contents of Envelope No. 4. [Sec. 66.0241].
 - (1) The precinct list of registered voters.
 - (2) The registration correction list, if any.
 - (3) Any Statements of Residence completed at the polling place or by mail or copies of identification submitted by mail.
 - (4) List of "ID" Voters.
 - (5) Copy of Combination Form, if used instead of individual affidavits.
 - e. *Contents of Envelope No. 5.*
 - *Original of the Statement of Compensation, in a primary election.*
 - f. Contents of early voting ballot box. [Sec. 66.025].
 - (1) The voted ballots.
 - (2) A copy of the early voting returns for each precinct and the summary return.
 - (3) A copy of the tally list for each precinct.
 - (4) A copy of the poll list of early voters voting by personal appearance and by mail.

5. Manner and time of delivery of records.
 - a. The presiding judge must deliver Envelope No. 1 in person to the presiding officer of the local canvassing authority, or if that officer is unavailable, to the general custodian of election records. [Sec. 66.051(a)].
 - b. The presiding judge must deliver Envelope No. 2 and Ballot Box No. 3, the rejected ballot envelope, the jacket envelopes containing the carrier envelopes and applications, and all unused supplies in person to the general custodian of election records. [Sec. 66.051(b)].
 - c. The presiding judge retains Envelope No. 3. [Sec. 66.051(c)].
 - d. The presiding judge must deliver Envelope No. 4 in person to the voter registrar, or if that officer is unavailable, to the general custodian of election records for later delivery to the voter registrar. [Sec. 66.051(d)].
 - e. The judge delivers the keys to the Ballot Box to:
 - (1) The sheriff for an election ordered by the governor or a county authority or *for a primary election*, unless the sheriff is on the ballot, in which case the keys are delivered to the county judge. If both the sheriff and the county judge are on the ballot, the keys are delivered to the county auditor, or, if there is no county auditor, to a member of the commissioners court, named by the court, who is not on the ballot. [Sec. 66.060(a)(1)].
 - (2) The chief of police or city marshal for an election ordered by a city authority. [Sec. 66.060(a)(2)].
 - (3) The constable of the justice precinct in which the governing body's office is located, or if the constable's office is vacant, to the sheriff of the county, for an election ordered by a political subdivision other than a county or city. [Sec. 66.060(a)(3)].
 - f. *Envelope No. 5 is delivered to the County Chair.*
 - g. Time.
 - (1) Records must be delivered to the appropriate authority immediately after the returns are completed. [Secs. 66.053(a), 87.063].
 - (2) If the judge determines that the ballots will not be counted in time to permit delivery of the records by 2:00 a.m. of the day following the election, he or she must notify the general custodian of election records by telephone between midnight of election day and 1:00 a.m. of the following day of:
 - The vote totals tallied for each candidate and for and against each measure at the time of notification.
 - The expected time of finishing the count. [Secs. 66.053(b), 87.063].
 - (3) **In every election, the early voting ballot board records must be delivered to the appropriate authorities not later than 24 hours after the polls close. [Secs. 66.053(c), 87.063].**

6. At the time the early voting ballot board records are delivered, supplies shall be returned to the authority responsible for providing such supplies. The presiding judge shall follow the instructions of such authority regarding the storage or return of empty ballot boxes and their keys and other equipment. [Sec. 87.123].

SECTION G. REPORTING EARLY VOTES

The presiding judge of the Board must deliver the counted ballots, the early voting election returns, other early voting election records, and ballot box keys to the appropriate authorities. [Sec. 87.063]. The early voting totals must reflect the number of early votes for each candidate or measure by election precinct. [Secs. 67.004(c), 87.1231].

CHAPTER 6 - EXAMINING, PREPARING, AND COUNTING VOTED OPTICAL/DIGITAL SCAN BALLOTS

SECTION A. PROCESSING BALLOTS COUNTED AT CENTRAL COUNTING STATION

1. The early voting clerk shall deliver the early voting ballots to the central counting station. This should include the container for the early voting electronic system ballots that are to be counted by automatic tabulating equipment at a central counting station. This shall be done without opening the container.

NOTE: If the ballots are to be delivered to the central counting station before the time the polls are closed on election day, the intervals during the day at which the ballots are to be delivered must be stated in the resolution, order, or other official action authorizing the early deliveries. [Sec. 127.124].

2. The early voting electronic system ballots counted at a central counting station, the ballots cast at precinct polling places and the ballots voted by mail shall be tabulated separately and shall be separately reported on returns. [Sec. 87.103].
3. The general custodian of records shall post a guard to ensure the security of ballot boxes containing voted ballots throughout the period of tabulation at the central counting station. [Sec. 127.1232(a)].
4. The general custodian of election records in a county with a population of 100,000 or more shall implement a video surveillance system that retains a record of all areas containing voted ballots from the time the voted ballots are delivered to the central counting station until the canvass of precinct election returns. The surveillance system must also retain a record of all areas containing voted ballots from the time the voted ballots are delivered to the signature verification committee or early voting ballot board until the canvass of precinct election returns. The video must be made available to the public by a livestream. The recorded video is an election record and must be retained by the general custodian of election records until the end of the calendar year in which the election is held or an election contest filed in the county has been resolved, whichever is later. [Sec. 127.1232(b)-(d)].

SECTION B. DELIVERY OF BALLOT BOX

1. Poll watchers may accompany election officials delivering ballot container after optical scan mail ballots are qualified. [Sec. 33.060].

If delivery is made in a vehicle, it is sufficient to allow the watchers to follow in a different vehicle and to drive in such a manner that the watchers are able to keep the delivery vehicle in sight. A poll watcher must have a completed certificate of appointment assigning the watcher to the central counting station in order to continue to observe activities at the central counting station after delivery of the ballot containers.

2. The officers must present the ballot box to the presiding judge of the counting station or his or her designee.
3. The delivering officers must then exchange the ballot box for a signed receipt. [Sec. 127.068(a)].
4. The rejected ballot envelopes, jacket envelopes containing the carrier envelopes, and any unused supplies are returned to the general custodian of election records.

CHAPTER 7 - RECONVENING EARLY VOTING BALLOT BOARD

The early voting ballot board must reconvene after the election to review and qualify provisional ballots and to qualify ballots that were cast from outside the United States on or before election day and that are received by the sixth day after election day. The early voting clerk may determine whether or not the SVC will need to reconvene after election day to verify signatures or leave that authority with the early voting ballot board. We recommend that this decision be made prior to election day. If the authority is left with the SVC, we recommend that the SVC coordinates with the board and the early voting clerk for delivery of the jacket envelope ballots by mail. If there is a SVC, the SVC must verify the signatures before the EVBB meets. The SVC would follow the same procedures of when they first convene.

SECTION A. RECONVENING TO REVIEW PROVISIONAL BALLOTS

The authority appointing the early voting ballot board may determine which members of the board will review and count the provisional ballots. The entire ballot board is not required to be present. A minimum of three members of the board is required to conduct the review.

1. Convening Early Voting Ballot Board

- a. The presiding judge of the early voting ballot board may convene the board as soon as practicable after the voter registrar has completed the review of the provisional ballots, **or if the voter registrar reviews the provisional ballots in “batches” and releases completed “batches” sequentially, the presiding judge may convene the board as soon as practicable after the voter registrar has completed one or more “batches.”** The judge must post a notice on the bulletin board used for posting notices of meetings of the governing body ordering the election no later than 24 hours before each time the board is scheduled to meet. The board may also convene while the voter registrar continues the review.
- b. The early voting ballot board cannot convene a final time until the seventh day after the election due to voter ID verification and mail ballots subject to corrective action. We recommend to review provisional ballots on a rolling basis.

2. Delivery of Materials To Early Voting Ballot Board

- a. The board should obtain from the authority conducting the election a package of supplies, including the:
 - (1) Return sheets;
 - (2) Tally sheets; and
 - (3) Envelopes for Accepted and Rejected Ballots.
- b. The general custodian will deliver to the early voting ballot board the Lists of Provisional Voters from each precinct.

3. Delivery of Provisional Ballots

- a. The early voting ballot board presiding judge shall take receipt of (1) the provisional ballots directly from the voter registrar or the custodian of election records; and (2) the List of Provisional Voters Who Presented Proper Identification to Voter Registrar at a time and place to be determined by the presiding judge. [Sec. 65.0541].
- b. The presiding judge completes the Verification of Provisional Ballots and Serial Numbers Form by signing at the time of receipt that the seal(s) were intact, the serial numbers of the seal(s) were accurately reflected, and the number of provisional ballots received.

4. Review of Provisional Ballots

The early voting ballot board shall review both the election judge's and the voter registrar's notation on each Provisional Ballot Affidavit Envelope to determine whether or not the ballot should be counted as indicated below.

a. Provisional ballots to be counted:

- (1) The ballot shall be counted if the voter failed to submit identification at the polling place, but the voter registrar indicated the voter presented an acceptable form of photo identification or executed a Reasonable Impediment Declaration and presented one of the forms of supporting identification in person at the registrar's office within six calendar days after the date of the election and the voter was otherwise eligible to vote in the election.
- (2) The ballot shall be counted if the voter failed to submit identification at the polling place, but the voter registrar indicated on the Provisional Ballot Affidavit Envelope that the voter applied for and received the disability exemption under Section 13.002(i) of the Election Code by the sixth day after election day and the voter was otherwise eligible to vote in the election.
- (3) The ballot shall be counted if the voter failed to submit identification at the polling place, but the voter registrar indicated the voter completed one of the two curing affidavits set out in Section 65.054(b)(2)(B) (consistent religious objection to being photographed) or 65.054(b)(2)(C) (identification unavailable due to declared natural disaster) no later than the sixth day after election day.
- (4) If the election judge indicated that the reason for casting a provisional ballot was that the voter appeared on the list of registered voters as having cast a ballot by mail, and the voter claimed that he or she never received the mail ballot, or would like to cancel his or her mail ballot, the provisional ballot shall be counted if the voter's mail ballot has not already been received.
- (5) If the voter registrar indicated that the provisional voter is registered to vote in the territory holding the election and the voter is otherwise qualified to vote in the election, the ballot shall be counted.
- (6) If the voter registrar indicated that the provisional voter is registered to vote, but was erroneously listed in the wrong precinct, the ballot shall be counted.

- (7) If the voter was erroneously removed from the voter registration list and is otherwise qualified to vote, the ballot shall be counted.
- (8) If the voter registrar has information in the office that the voter completed a voter registration application, and the voter is otherwise qualified, the ballot shall be counted. (For example, evidence that the voter submitted and application at a DPS office or via a volunteer deputy registrar.)

b. Provisional ballots not to be counted:

- (1) If the election judge indicated that the voter did not provide an acceptable form of identification and the voter registrar noted that the voter did not: (i) present an acceptable form of identification to the voter registrar; (ii) execute a Reasonable Impediment Declaration and present a form of supporting identification; (iii) complete one of the curing affidavits set out in Section 65.054(b)(2)(B) or 65.054(b)(2)(C); or (iv) apply for and receive a disability exemption by the sixth day after election day, then the ballot shall not be counted.
- (2) If the election judge indicated that a voter with a permanent disability exemption to the identification requirements did not submit the registration certificate at the polling place, and the voter registrar notes that the voter failed to: (i) present his or her registration certificate with exemption; (ii) present another form of acceptable identification; or (iii) apply for and receive a permanent disability exemption by the sixth day after election day, the ballot shall not be counted.
- (3) If a voter voted provisionally due to having an outstanding mail ballot that has not yet been cancelled, the provisional ballot shall not be counted if the provisional voter has already voted.
- (4) If the voter registrar indicated that the provisional voter is not registered to vote in the territory holding the election or the registration was not effective in time for the election, the ballot shall not be counted.
- (5) If the voter registrar indicated that the provisional voter is registered to vote at a different precinct other than the one the voter voted in, the ballot shall not be counted. This is not the case if the county is part of the countywide polling place program.
- (6) If the election judge indicated that the voter was on the list of registered voters, but the voter's registered residence address is outside the political subdivision, the ballot shall not be counted.
- (7) If the voter registrar indicated that an incomplete application was received from the provisional voter but the required additional information was not returned, the ballot shall not be counted.

5. Disposition of Accepted or Rejected Ballots

- a. The presiding judge shall indicate the disposition of each ballot on the provisional voter affidavit envelope.

- b. The presiding judge shall also indicate the disposition of each ballot on the List of Provisional Voters for that precinct.
- c. The ballots to be counted shall be removed from their provisional ballot envelopes (which are sealed in a secrecy envelope). After at least 10 secrecy envelopes have been removed from the provisional ballot envelopes and placed in a separate container, the secrecy envelopes are opened, and the ballots are counted under the normal procedure for counting ballots by mail in an election either by hand counting or by central counting station [See Chapters 5 and 6 of this handbook]. The presiding judge of the early voting ballot board or central counting station shall complete a return sheet of the votes and record them by precinct. The Provisional Voter Affidavit Envelopes are placed in the Envelope for Accepted Voters and delivered to the general custodian of election records.
- d. The Provisional Voter Affidavit Envelopes that are not counted are placed in the Envelope for Rejected Provisional Ballots and delivered to the general custodian of election records.
- e. Rejected Provisional Ballot Affidavit Envelopes may not be opened except by court order. [1 T.A.C. § 81.176(c)(14)].

6. Counting Paper Ballot Provisional Ballots

- a. See Chapters 5 and 6 of this handbook for counting rules.
- b. Once counted, the provisional ballots shall be re-locked and returned to the custodian of election records. The key shall be delivered to the custodian of the key.
- c. If a DRE system is used for provisional voting, the entity conducting the election will direct how provisional ballots are processed.

7. Counting of Provisional Ballots Electronically (optical scan)

- a. The manager of the central counting station shall decide whether the ballot board shall manually count the ballots with the totals manually added to the computer count for a canvass total or whether the central counting station shall reconvene.
- b. The manager shall send notice to the presiding judge of the ballot board prior to reconvening the board as to whether the ballots are to be counted manually by the board or whether the ballots are to be prepared for delivery to the central counting station.
- c. If the ballots are to be counted by the central counting station, the manager must post notice at least 24 hours prior to reconvening the central counting station. Section 1.006 of the Code does not apply.
- d. A ballot transmittal form must be completed by the presiding judge of the ballot board. The transmittal form will accompany the accepted provisional ballots.
- e. Prior to the beginning of the count at a central counting station, the manager shall run the required second logic and accuracy test using the same test deck as on Election Day. After the count is complete, the manager shall run the required third logic and accuracy test. If the test is not successful, the count is void.

- f. The central counting station manager may add the provisional ballots to the original returns by hand in order to provide one complete return sheet, may enter the provisional ballots directly on the electronic voting system to have one final electronic return sheet or may provide a separate return sheet with just provisional ballot vote totals. The return sheets are placed in Envelope No. 2 and delivered to the custodian of election records.
- g. The counted provisional ballots and other election materials are returned to the custodian of election records and retained for the appropriate preservation period.

NOTE: Since provisional ballots will probably be processed and counted at the same time as the late early voting by mail ballots, additional procedures relating to late ballots pursuant to 1 T.A.C. Sec. 81.37 may also apply.

8. Notice to Provisional Voters

Not later than the 10th day after the local canvass, the early voting ballot board's presiding judge shall deliver written notice regarding whether the provisional ballot was counted to the provisional voter, and if the ballot was not counted, the reason the ballot was not counted. The presiding judge shall use the information provided on the affidavit to obtain the proper mailing address for the voter and the final resolution of the provisional ballot.

9. Distribution of Provisional Voting Records

- a. Custodian of election records receives:
 - (1) Lists of Provisional Voters;
 - (2) Return sheets;
 - (3) Tally Sheets;
 - (4) Envelopes for Accepted and Rejected Provisional Ballot Affidavit Envelopes;
 - (5) Counted Ballots; and
 - (6) Verification of Provisional Ballots and Serial Numbers.
- b. Custodian of the key receives the key to the ballot box after it has been locked.
- c. Presiding officer of the canvassing authority receives:
 - (1) Return sheets; and
 - (2) Tally Sheets.

SECTION B. RECONVENING FOR LATE ARRIVING BALLOTS BY MAIL

1. Requirements for ballots to be counted late

The Board must reconvene to count mail ballots which:

- a. arrived by 5pm on the day after election and bear a cancellation mark of a common or contract carrier or courier indicating a time not later than 7pm at the location of the election on election day;
- b. were cast from outside the United States;

- c. were placed in delivery before the polls closed; and
- d. arrived not later than the 5th day (non-military overseas) or 6th day (military) after election day. [Sec. 86.007(d)].

NOTE: If the 5th or 6th day falls on a Saturday, Sunday, or federal or state holiday, this deadline is extended to the next regular business day. [Sec. 86.007(d-1)].

2. When should the board reconvene?

- a. The general rule is on the 9th day after election day or earlier, if the early voting clerk can determine that all ballots cast from outside the United States have been received. [Sec. 87.125(a)].
- b. For a general election for state and county officers, the date moves to the 13th day after election day, or earlier if the early voting clerk can determine that all ballots cast from outside the United States have been received. [Sec. 87.125(a-1)].

3. The Carrier Envelope must be:

- a. timely submitted;
- b. properly addressed with postage (no postage is required for FPCA carrier envelopes); and
- c. bear a cancellation mark from a postal service before the polls close or a receipt mark from a common or contract carrier indicating the ballot was received before the polls closed.

4. Additional general provisions

- a. The presiding judge shall notify the early voting clerk as to the time and place where the board will reconvene. The notice must be made in time so the early voting clerk may give proper notice of the delivery. The early voting clerk must post notice of delivery of jacket envelopes and any other accompanying papers to the early voting ballot board at least 24 hours prior to the delivery. The notice shall be posted at the main early voting polling place. Section 1.006 of the Code does not apply.
- b. The presiding judge shall send notice to the custodian of the key and the custodian of election records to redeliver the ballot box containing the counted ballots and the key to the box. After the late ballots have been counted, the presiding judge shall lock the late counted ballots in the ballot box. The presiding judge shall deliver the ballot box to the general custodian of election records and the key to the ballot box to the custodian of the key.
- c. Poll watchers are entitled to be present.
- d. If all mail ballots were received by the close of voting on election day or no ballots were received by the appropriate deadline for the election, the early voting clerk shall certify that fact and deliver the certification to the canvassing board before they convene to canvass the votes. [Sec. 87.125(a)].

5. Special provisions for paper ballots

- a. Once the ballots have been qualified, the presiding judge shall use the regular method of counting ballots by keeping three new tally sheets, counting by precinct, and having at least two members per tally team. [Ch. 65, Secs. 87.062, 87.103; 1 T.A.C. § 81.37(b)].
 - b. Once the board has counted all the ballots, an original and three copies of the return sheet shall be prepared.
 - c. The distribution of the tally sheets and return sheets shall be made in accordance with the Texas Election Code, Subchapter B, Chapter 66.
 - d. The canvassing board shall add the returns from both early voting return sheets when canvassing the vote.
6. Provisions for Electronic Voting Systems. [1 T.A.C. § 81.37(c); Sec. 87.103].
- a. The manager of the central counting station shall decide whether the ballot board shall manually count the ballots with the totals manually added to the computer count for a canvass total or whether the central counting station shall reconvene.
 - b. The manager shall send notice to the presiding judge of the ballot board prior to reconvening the board as to whether the ballots are to be counted manually by the board or whether the ballots are to be prepared for delivery to the central counting station.
 - c. If the ballots are to be counted by the central counting station, the manager must post notice at least 24 hours prior to reconvening the central counting station. Section 1.006 does not apply.
 - d. A ballot transmittal form must be completed by the presiding judge of the ballot board. The transmittal form will accompany the ballots qualified.
 - e. The manager must order a 2nd test to be conducted prior to the count. The test must be successful.
 - f. Poll watchers are entitled to be present.
 - g. After the 2nd test is successful, the unofficial election results preserved by electronic means shall be loaded in the tabulating equipment.
 - h. The tabulation supervisor shall print a status report before the count is to begin. This status report shall be compared with the report run on election night. If the two status reports do not match, the electronic ballots must be counted by hand and the total manually added to the returns printed on election night.
 - i. If the status reports match, the tabulation supervisor may order the count to begin. The precinct returns from these counts may be included with the original precinct counts. The tabulation supervisor does not need to keep the precinct-by-precinct results of the late ballots separate from other early voted ballots.
 - j. Once the ballots have been counted, results shall be prepared in the regular manner. The manager shall prepare a certification and attach it to the returns, then place both in envelope #1 to be delivered to the presiding officer of the canvassing

board indicating that the results supersede any returns printed prior to the reconvening of the central counting station after election day.

- k. After the results have been prepared, a successful 3rd test must be performed.
- l. The results, ballots, and distribution of ballots and all records shall be made in the regular manner.

SECTION C. RECONVENING TO REVIEW BALLOTS THAT WERE ELIGIBLE FOR CORRECTIVE ACTION

The Board shall reconvene on or after the seventh day after election day to review mail ballots that were subject to the corrective action process. Because a voter has until the sixth day after election day to correct the defect(s), the voter's ballot may not be finally rejected for the reason provided in the Notice of Defective Carrier Issued by Signature Verification Committee or Early Voting Ballot Board before the seventh day after election day. [Sec. 87.0411(g)]. See Chapter 4 of this handbook for more information.

APPENDIX A

Frequently Asked Questions Regarding the Early Voting Ballot Board

1. Our entity doesn't have any ballots by mail. Do we have to have a ballot board?

Yes. All entities must have a ballot board. An early voting ballot board shall be created in each election to process early voting results and provisional ballots from the territory served by the early voting clerk. [Sec. 87.001]. You must always appoint a ballot board because you will not know until Election Day whether there will be provisional ballots that need to be reviewed by the EVBB.

2. May the deputy early voting clerks or election day workers serve on the ballot board?

This depends. Our office advises that a deputy early voting clerk may not serve on the EVBB, as the duties conflict in scope and time for performance. An election day officer may serve on the EVBB. Please keep in mind that both duties may not be performed at the same time.

3. May the early ballot board members serve on the signature verification committee?

Not recommended. Since the ballot board members may override a rejected signature decision by the committee, a ballot board member should not serve on the signature verification committee. [Sec. 87.027].

4. Do members from the ballot board have to be from different parties?

Yes. The same number of members must be appointed from each list provided by political parties with party affiliation on the ballot. This includes all parties that have nominees on the general election ballot including the Libertarian Party and Green Party.

5. What if our county does not have a chair from one of the political parties?

The party first needs to fill the vacancy of the party chair. Then the chair would be able to provide a list of names. If there is no vacancy filled, then the presiding judge or county election board, whichever is applicable, should appoint members.

6. If the EVBB is verifying signatures and not the SVC, when does the board need to ask for copies of signatures from the county clerk or voter registrar?

There is nothing in the Election Code that states when such a request should be made. The board members may ask for these documents of voters' signatures in advance as long as it is reasonable. We recommend that the request be made with ample time to allow the clerk or registrar to prepare the requested documents. Electronic copies of these documents may be sent to the board.

7. What is a majority vote?

The Election Code does not state what constitutes a majority of the EVBB. Some counties will determine by the full board membership or board members present. Our recommendation is that the board come to an agreement of what constitutes a majority and that the board use that standard throughout the process.

8. May the EVBB keep notes?

The EVBB may not disclose the results of the accepted and rejected ballots. However, the board may keep notes. Please keep in mind that these notes are subject to public information requests.

9. Are the carrier envelopes and applications public information?

Yes. A copy of an application for a ballot to be voted by mail is not available for public inspection, except to the voter seeking to verify that the information pertaining to the voter is accurate, until the first business day after the election day of the earliest occurring election for which the application is submitted. Originals of the applications and carrier envelopes are not available for public inspection until those materials are delivered to the general custodian of election records after the election. [Sec. 86.014].

10. Does the EVBB separate rejected and accepted ballots?

Yes. The EVBB needs to separate the rejected and accepted ballots. If the board did not separate rejected and accepted ballots and cannot determine which ones were accepted or rejected, the board will need to start the process over as they have the authority to do so.

11. When is the earliest the EVBB can meet?

The Board in all counties may begin meeting at any time they have ballots to review. If the Board hasn't already met, then not later than the ninth day before election day, the jacket envelopes containing early voting ballots voted by mail **MUST** be delivered to the EVBB. However, the first meeting must take place not later than the ninth day before election day. **This requirement applies regardless of the county's population size.** Ballots may not be counted until after the polls open on election day or, in an election conducted by an authority of a county with a population of 100,000 or more **or** entities that are having joint elections with such a county or who are conducting their election with such a county through a contract for election services, the end of the period for early voting in person. The EVBB may deliver ballots to the central counting station for early counting after the end of the early voting period. Results may not be released until the close of polls on election day.

12. Is there a limit on how many times the EVBB may meet?

No. There is no limit on the times the EVBB may meet. The clerk shall post notice each time the ballot board convenes. The clerk shall also post notice of delivery of ballots each time.

The notice must remain posted 24 hours before delivery. The SOS has prescribed a sample notice that may be used for this purpose. This notice must be posted at the main early voting polling place at least 24 hours prior to first delivery of ballots. [Sec. 87.0222]. In general elections for state and county officers, the county clerk/elections administrator must notify each county chair at least 24 hours of each delivery.

13. May a vacancy be filled if EVBB has convened?

Yes. A vacancy on the board shall be filled by appointment in the same manner as a vacancy for a presiding judge/alternate judge on Election Day. [Sec. 32.007].

APPENDIX B

COMMON SITUATIONS THAT ARISE IN EARLY VOTING BALLOT BOARDS

SITUATION 1: Two Ballots in One Carrier Envelope

If you receive an envelope or package with two carrier envelopes from individuals registered at the same address inside and the carrier envelopes are separated (meaning two different carrier envelopes with two different ballots), then you may accept the ballots pending any other qualifications. If you receive an envelope or package with two or more carrier envelopes from individuals registered at the same address inside and the carrier envelopes are not separated (meaning two or more ballots are in one carrier), then you may not accept both ballots and they would be rejected. This scenario is often found when a couple mails both their ballots in the same carrier envelope.

SITUATION 2: Carrier Envelope Witness Portion Filled out Incorrectly

If you receive a carrier envelope with the witness portion filled out incorrectly, this is a defect that is eligible for correction when identified by the early voting ballot board. Note that incomplete information about an assistant cannot be corrected when identified by the early voting ballot board and will result in a rejected mail ballot. However, incomplete information about an assistant may be corrected when identified by the early voting clerk.

Not later than the second day after the EVBB discovers a defect in a carrier envelope and before the EVBB decides whether to accept or reject a timely delivered ballot under Section 87.041 of the Code, the board shall send the voter a notice of the defect and a corrective action form developed by the Secretary of State by mail or by common or contract carrier. Examples of common or contract carriers include UPS, FedEx, DHL, or a local courier service.

The board must include with the notice delivered to the voter a brief explanation of each defect in the carrier envelope. The notice must also inform the voter that the voter may: (A) cancel the voter's application to vote by mail in the manner described by Section 84.032; or (B) correct the defect in the voter's ballot by: (i) submitting a corrective action form developed and made available by the Secretary of State by mail or by common or contract carrier; or (ii) coming to the EV clerk's office not later than the sixth day after election day.

If the board determines that it would not be possible for the voter to receive the notice of defect within a reasonable time to correct the defect, the board may notify the voter of the defect by telephone or email and inform the voter that the voter may request to have the voter's application to vote by mail canceled in the manner described by Section 84.032 of the Code, submit a corrective action form developed by the Secretary of State by mail or by common or contract carrier, or come to the EV clerk's office in person not later than the sixth day after election day to correct the defect.

In addition to sending the voter a notice of the defect or notifying the voter of the defect by phone or email, the board must permit the voter to correct a defect using the Secretary of State's online Ballot by Mail Tracker, if possible. **The EVBB no longer has authority under Section 87.0411 of the Code to return the defective carrier envelope to the voter.**

SITUATION 3: Wrong Ballot in Wrong Carrier Envelope Delivered to Board

These different scenarios are for a Primary/May Uniform Date Election where the county has contracted with local entities to serve as the local entities' early voting clerk.

Scenario 1: The early voting ballot board for the May uniform election is meeting to count ballots. They open a ballot secrecy envelope and there is a primary runoff ballot inside. As the ballot secrecy envelope would have been separated from the carrier envelope, there would be no way to determine which voter's ballot this is.

Procedure for 1: This ballot cannot be counted nor retained in a carrier envelope to be forwarded to the EVBB for the runoff primary election. We suggest that the EVBB presiding judge make a notation on the ballot to explain the situation and why the ballot was not counted. The ballot should be stored in the envelope that contains the other rejected ballots (which will still be in their carrier envelopes). [Sec. 87.043]. As there is no way to know which voter submitted this ballot, no notice of rejection can be sent to the voter. There is no authority in the Texas Election Code to store a voted ballot outside of the jacket or carrier envelope. Additionally, while the EVBB qualified the voter's ballot with respect to the May uniform election, the EVBB did not qualify the ballot with respect to the runoff primary. The May uniform EVBB does not have the authority to qualify a ballot for the runoff primary.

Scenario 2a: The EVBB for the May uniform election reviews a carrier envelope (that is marked to show it is a carrier for the May uniform election) and determines it will accept the ballot. The EVBB proceeds to open the carrier envelope to remove the ballot secrecy envelope, but the ballot is not in a secrecy envelope. The EVBB is able to immediately determine that the ballot inside the carrier is a primary runoff ballot. In this scenario, the ballot is tied to a particular voter as the carrier envelope is still effectively with the ballot.

Procedure for 2a: We recommend that the EVBB immediately put the ballot back in the carrier envelope and seal the envelope. The EVBB should deliver the carrier envelope to the early voting clerk, who should then place the carrier envelope in the jacket envelope for that voter for the primary runoff, ready to be forwarded to the EVBB for that election at the appropriate time. We also suggest that the presiding judge of the EVBB write a memo to detail what occurred, what actions were taken, and the date those actions were taken. The presiding judge and at least one other member of the EVBB should sign off on the memo. A copy of the memo should be placed in the voter's May uniform jacket envelope and a copy provided to the early voting clerk for placement in the voter's primary runoff jacket envelope. When the EVBB for the primary runoff election convenes and sees a carrier envelope for the May uniform election in the jacket envelope for the primary runoff, the memo will serve to inform that EVBB of what has occurred.

Scenario 2b: As a corollary to scenario 2a, as the voter's May uniform carrier envelope contained the primary runoff ballot, it is possible that the primary runoff carrier contains the May uniform ballot. Can the early voting clerk take the runoff primary carrier and provide it to the May uniform election EVBB for processing?

Procedure for Scenario 2b: As we can identify the voter under these scenarios, and hopefully contact the voter, the chain of custody can be well established. Regarding the carrier envelope for the runoff, which presumably contains the May uniform ballot, we suggest that the early voting clerk call the voter (if possible) to see if voter can confirm that the May uniform ballot is probably in the runoff carrier envelope. If the voter confirms that s/he believes the ballot in the primary runoff carrier envelope is in fact the May uniform ballot (or if the early voting clerk is unable to reach voter), the early voting clerk may forward that carrier envelope to the May uniform election EVBB to process as normal, if able to do so in a timely manner. We do not recommend that the early voting clerk open the carrier envelope, with or without the voter's permission, to determine whether the carrier actually contains the May uniform ballot. Only the EVBB should be opening this carrier envelope, once the EVBB has determined that the carrier envelope was properly processed (signature comparison completed, voter eligibility determined, etc.). We do suggest that the early voting clerk write a memo to detail what occurred, what actions were taken, and the date those actions were taken, and place a copy of the memo in the voter's May uniform jacket envelope. Another copy should be placed in the voter's primary runoff jacket envelope.

Scenario 3a: The EVBB for the May uniform election qualifies the carrier envelope and finds two ballots, each inside a separate ballot secrecy envelope or neither ballot in a ballot secrecy envelope.

Procedure for Scenario 3a: Under this limited circumstance, the EVBB may open the ballot secrecy envelopes, if used by the voter. (The EVBB has the discretion to open a ballot secrecy envelope in limited circumstances, such as to see if there is rejeincluded in the secrecy envelope rather than the carrier envelope. It is also not a requirement for a ballot to be in the secrecy envelope.) If one of the ballots is for the May uniform election and one is for the primary runoff election, the May uniform ballot may be counted. The primary runoff ballot cannot be counted. There is no authority for the EVBB to, for example, copy the carrier envelope for the May uniform election and place the runoff ballot back in the carrier envelope for forwarding to the primary runoff EVBB (as in scenario 2b, above). We suggest that the presiding judge of the EVBB makes a notation on the primary runoff ballot to explain the situation and why the ballot was not counted. The primary runoff ballot should be stored in the envelope that contains the rejected ballots (which will still be in their carrier envelopes). [Sec. 87.043] We recommend sending this voter a rejection letter, even though this EVBB is not the proper ballot board for the primary runoff ballot. As above, we recommend that a memo be written and signed by the EVBB presiding judge to detail actions taken. A copy of the memo should be placed in the voter's May uniform jacket envelope and a copy provided to the early voting clerk for placement in the voter's primary runoff jacket envelope.

Scenario 3b: The EVBB for the May uniform election qualifies the carrier envelope, later discovers that the ballot secrecy envelope contains both a May uniform ballot and a primary runoff ballot.

Procedure for 3b: As in scenario 3a, the May uniform ballot may be counted, but the primary runoff ballot cannot be counted. No notice can be sent to the voter as the identity of the voter cannot be determined by the time the error (2 ballots in one secrecy envelope) is discovered. Again, we suggest that the presiding judge of the EVBB make a notation on the rejected primary runoff ballot and store it with the rejected May uniform ballots.

SITUATION 4: Voter's Mailing Address on ABBM is Different than Voter Registration Address on File

If the grounds for voting by mail is either being 65 or over or disability, and the applicant has not provided his or her official mailing address as shown on the list of registered voters as the address for mailing his or her ballot, the address provided must be that of a hospital, nursing home, other long term care facility, retirement center, or the address of a relative within the second degree by affinity or third degree by consanguinity with whom the applicant is living. If this information was not provided on the Application for Ballot by Mail, the ballot should be rejected per Section 87.041 of the Code.
