Christina and Charlie,

The modification to the Hart Verity 2.7 system contained in ECO-1658 allows for a replacement COTS printer for a COTS printer that is used with a few different components of the system and that is going end-of-life.

I agree with Tom that the proposed changes are de minimis and do not adversely impact the performance or security of the system. I recommend approval of the modification in ECO-1658.

Thanks,

Chuck Pinney

Charlie,

I have reviewed the documents and I agree with Hart and SLI that ECO 1658 is a de minimis change.
I recommend approval.

Tom
