Omaha, Nebraska 68137

Hello,

Pursuant to Section 81.65 of the Texas Administrative Code, Election Systems & Software ("ES&S") has submitted to our office a request for an administrative certification of a minor modification.

The proposed modification, ECO #1174, involves the addition of a motor cradle bracket to the door used for the thermal report printer on the DS300 precinct scanner. The proposed modification is designed to prevent a possible deformation of the thermal report printer.

We have reviewed the materials you provided with your request, including the Pro V&V test report. Our voting system examiners reviewed the information submitted and agree that ES&S's proposed modification does not warrant additional examination, and that a full certification review is not required.

Based on the information provided by ES&S and the recommendations of the appointed voting system examiners, I hereby certify ES&S's request to allow for the proposed modification to EVS 6.3.0.0.

If you need additional information, please contact the Elections Division at 1-800-252-2216.

Sincerely,

A handwritten signature in cursive script that reads "Christina W. Adkins".

Christina Worrell Adkins  
Director of Elections
