For example, you may be printing Optical Scan Ballots for the first primary and paper ballots for the runoff election. You will check both numbers 1 and 2 and indicate to which election each pertains.

INSTRUCTIONS FOR REGISTRATION

DO NOT register with the Secretary of State if you only print ballots for city, school, or other types of elections other than the primary elections or November general elections for state and county officers.

REGISTRATION IS NOT FOR A BID LIST. The name of the printing company will be filed and information regarding the printing for the primary or general election will be mailed to you, as necessary.

The Texas Election Code requires you to register your printing company with the Secretary of State at least 60 days before each election at which you will be printing ballots or forms for the primary and/or general election for state and county officers.

If you do not have any contracts to print ballots or forms 60 days before the Republican or Democratic party in a primary election or for a county in the November general election, you may register with the Secretary of State without any customers. Once you secure a contract or order, you must immediately notify the Secretary of State of the name of the customer and the type of work you will be doing for that customer.

If you have your customer list on a computer, you may submit a computer printout in lieu of this form, as long as the printout contains the required information.

Mail registration forms to Secretary of State, Elections Division, P.O. Box 12060, Austin, TX 78711.
