

Name of Form:

Notice of Rejected Application for Ballot by Mail.

Section Reference:

Section 86.008(b), Texas Election Code.

Purpose:

Notify applicant of rejected application.

Number of Copies Required:

Two recommended.

Completed by:

Early Voting Clerk.

Filing Date:

Immediately after determining that application must be rejected.

Filed with:

Applicant. Copy of notice recommended to be attached to application for ballot.

Comments:

If the application for ballot by mail is received on or before the 18th day before the election, an official application for ballot by mail shall be included with the notice. If application is received after the 18th day and on or before the 4th day before the election, only the notice shall be mailed to the applicant.

If the applicant requests a runoff ballot on the same application, the timeliness of the application is determined in relation to the first election unless it is received too late for the first election. In this case, the application is rejected for the first election but is acceptable for the runoff if the voter is otherwise qualified.

Current form is 12/17.
