

CERTIFICATION OF PUBLIC LOGIC AND ACCURACY TEST, HASH VALIDATION
AND FIRST TEST OF AUTOMATIC TABULATING EQUIPMENT

We, the Presiding Judge of the Central Counting Station and the General Custodian of Election
Records, do hereby certify that the hash validation comparison, Public Logic and Accuracy Test and the
First Test of the Automatic Tabulating Equipment to be used to count the ballots for the

_____ Election to be held on ____/____/____ was conducted
(name of election) (date of election)

using a predetermined number of valid votes for each candidate and for and against each proposition on
the ballot for the election. Each contest position, as well as each precinct and ballot style was able to be
voted and was accurately counted. Each type of device that will tabulate ballots including precinct
scanners and/or central scanners, whichever is applicable, was included in the testing. The test group
also contained ballots with overvotes, ballots with undervotes, if applicable to the system being tested,
multi-candidate races, provisional votes and write-in votes, if applicable. We further certify that a
representative sample of voting system equipment was tested with a hash validation process to ensure
that the source code of the equipment has not been altered. The trusted hashes for each unique device
in the voting system are pertinent to the most current version of the voting system and were obtained
from the Secretary of State’s office prior to the Public Logic and Accuracy Test.

Signature of General Custodian
of Election Records

Instructions to Presiding Judge and General Custodian:

The hash validation process must take place at the Public Test for Logic and Accuracy. The hash validation test
may be practiced in advance of the Public Logic and Accuracy Test for proofing purposes, but only the public
performance of the hash validation test may be certified. If either or both of the initial tests were not successful,
prepare a written record of the changes to the program, adjustments to the equipment and other actions taken to
achieve a successful test and attach to this certification.

Note: If your county does not use a Central Counting Station, only the General Custodian of Election records is
required to sign this form.
