Provisional Voting Start to Finish

HAVA Requirements

Adopted in 2002, the **Help America Vote Act** requires that provisional ballots be offered to:

Any voter that declares that they are a registered and eligible voter of the precinct in which they are appearing; and

Any voter whose eligibility is called into question by an election official (i.e., voters whose records indicate that they have voted early by mail).

Election Code Requirements

Texas law echoes the federal requirements, but also adds that a voter may vote provisionally if they do not have the required photo identification.

Provisional Ballot – When Do You Use It?

When Do You Use It?

Provisional ballots
should be offered
during early voting
and on election day.

Should be offered at
ALL early voting polling
places and election day
polling places.

Note: A voter does not
have to drive to main
early voting location to
vote a provisional ballot.

Why Are Provisional Ballots Important?

A provisional ballot helps the voter when...

The voter went to DPS to obtain/update a license but the registration information was not transmitted to SOS.

There is an error on the list of registered voters (e.g., city annexed land and did not provide an updated map).

The voter's registration application is smudged or contains poor handwriting.

A registration update was timely post-marked but was delivered to the VR after the OLRV was printed.

A voter registered to vote through a VDR, but the VDR did not turn in the application. Contact VDR for delivery.

Why Are Provisional Ballots Important?

We often hear from voters that provisional ballots “do not matter” or that an election worker said that their provisional ballot “will not count.”

This is not true! Provisional ballots often end with a voter’s ballot being counted.

By casting a provisional ballot—even if it’s not accepted for counting—the person will become a registered voter.

When Should You Offer a Provisional Ballot?

A voter who does not provide an acceptable form of identification.

A voter whose name on their identification is not substantially similar to the name on the OLRV.

A voter whose identity cannot be verified by the identification presented.

A voter who has received a disability exemption, but does not have a voter registration certificate indicating such exemption.

A voter whose name does not appear on the OLRV and does not have a registration certificate, but states they are a registered and eligible voter of the precinct.

When Should You Offer a Provisional Ballot?

A voter who has applied for a ballot by mail, but has not yet properly cancelled the mail ballot application.

A voter who votes during the polling hours that are extended by a state or federal court.

A voter who is registered to vote but attempting to vote in a precinct other than the one in which the voter is registered. If they can't or don't want to vote fail-safe or limited

A voter who is on the OLRV, but whose registered residence is outside the political subdivision for which the voter is seeking to vote.

Other:

(with an explanation).

Decision Tree: Voter Who Changed Residence

Before voting, the poll worker must ask every voter if the residence address on the precinct list of registered voters is current (Sec. 63.00111).

If a voter has moved and not updated registration, there are three different situations to consider:

- Voter has moved and still resides in the same precinct and county: regular ballot with statement of residence
- Voter has moved and resides in a different precinct but same county: fail-safe voting
- Voter has moved and resides in a different county: limited ballot (only during early voting)

How Does Provisional Voting Fit In?

Provisional Ballots **may** be counted, depending on review.

Fail-safe and limited ballots are **always counted** (except for extraordinary circumstances, such as court orders)

Voters who have the option to vote fail-safe or limited by going to a different polling place should be told that voting fail-safe or limited ballot will ensure the vote is counted.

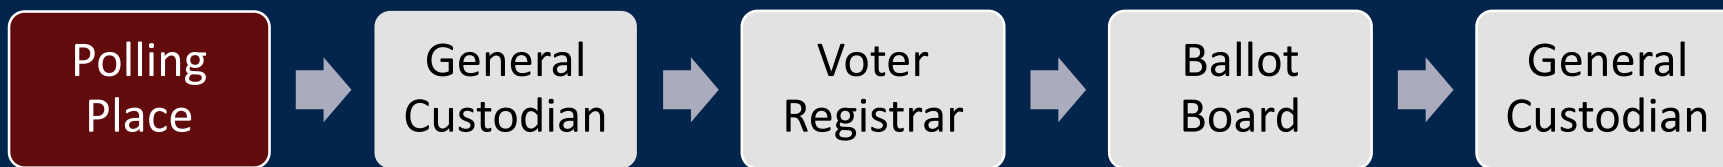

If voter still wants to vote provisional in the polling place where they are trying to vote, they can.

Qualified voters who cannot vote limited or fail-safe may always vote provisionally.

For more on limited and fail-safe, please see our upcoming webinar on special forms of voting!

Polling Place

Polling Place Procedures

If a voter fits into one of the above categories, the election worker **must** inform the voter of their right to cast a provisional ballot.

If the voter does not appear on the OLRV, the election worker may assist the voter in determining if they are registered in another precinct.

- Use an e-pollbook, or call the voter registrar.

Polling Place Procedures

Did the voter
register
through DPS?

If the voter
believes they
are registered,
the election
judge **must** ask
if the voter
registered, or
updated their
registration, at
DPS.

If voter went to
DPS, the election
judge **must** note
this and the
approximate date
that the voter
went to DPS on
the green
Affidavit of
Provisional Voter
envelope.

Polling Place Procedures

If the voter is not appearing on the list of registered voters, the election worker should inform the voter that the ballot will be counted if it is determined they are a registered voter of the precinct.

If the voter is casting a provisional ballot due to lack of an acceptable or supporting ID, the election worker should inform the voter that the ballot will only be counted if the voter appears at the voter registrar's office and shows an acceptable ID (List A or List B), or executes a temporary affidavit (if applicable) or permanent exemption (if applicable).

Polling Place Procedures – After Notifications

Voter should complete a green Affidavit of Provisional Voter envelope on the front side.

Election judge should complete their portion on the reverse side, and **sign it**.

Election judge should add voter's name to List of Provisional Voters/ Early Voting List of Provisional Voters.

Election judge should add name of voter to combination form/ poll list, and indicate they are a provisional voter.

Voter should sign the combination form/poll list.

The election judge should provide a Notice to Provisional Voter to the voter.

Polling Place Procedures

Provisional Ballot Affidavit Envelopes are **NOT** placed in the ballot box along with regular ballots

- Instead, the envelopes are placed in a separate secure container designated for Provisional Ballots
