Austin, TX 78728

Dear Mr. Grosser:

Pursuant to Section 81.65 of the Texas Administrative Code, Hart InterCivic ("Hart") has submitted to our office a request for an administrative certification of a minor modification.

The proposed modification, ECO 1764, is designed to replace the existing thermal paper stock that is used for the Printed Vote Records used with the Hart Verity systems and the Vanguard 1.0 system and VotePass tickets used with the Hart Vanguard 1.0 system. The prior paper manufacturer has discontinued the existing stock, so this modification is designed to provide a replacement supply for the thermal paper used with the system.

We have reviewed the materials you provided with your request, including the Pro V&V verification test report. Our voting system examiners reviewed the information submitted and agree that the proposed modification does not warrant additional examination, and that a full certification exam is not required.

Based on the information provided by Hart and the recommendation of the appointed voting system examiners, I hereby certify Hart's request to allow the proposed modification to the Hart Verity systems and the Vanguard 1.0 system in ECO 1764.

If you need additional information, please contact the Elections Division at 1-800-252-2216

Sincerely,

A handwritten signature in cursive script that reads "Christina W. Adkins".
