### Request for Applications Concerning the 2023-2025 Charter School Program (Subchapter C) Grant

Filing Authority. The availability of grant funds under Request for Applications (RFA) #701-23-119 is authorized by Public Law 114-95, Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act of 2015, Title IV, Part C, Expanding Opportunity Through Quality Charter Schools; Texas Education Code (TEC), Chapter 12; and 19 Texas Administrative Code Chapter 100, Subchapter AA.

Eligible Applicants. Texas Education Agency (TEA) is requesting applications under RFA #701-23-119 from eligible applicants, which include open-enrollment charter schools that meet the federal definition of a charter school, have never received funds under this grant program, and meeting the following qualifications: a campus charter school authorized by the local board of trustees pursuant to TEC, Chapter 12, Subchapter C, on or before May 1, 2023, as a new charter school, or as a charter school that is designed to replicate a new charter school campus, based on the educational model of an existing high-quality charter school, and that submits all required documentation as stated in this RFA. The campus must be located in a district that has authorized and had in operation at least one charter prior to the 2022-2023 school year. A campus charter school must apply through its public school district, and the application must be signed by the district's superintendent or the appropriate designee.

Important: Any charter school that does not open prior to Wednesday, September 4, 2024, after having been awarded grant funds may be required to forfeit any remaining grant funds and may be required to reimburse any expended amounts to TEA.

Description. The purpose of the Texas Quality Charter Schools Program Grant (Subchapter C) is to support the growth of high-quality district authorized campus charter schools in Texas, especially those focused on improving academic outcomes for educationally disadvantaged students. This program will provide financial assistance for the planning, program design, and initial implementation of the campus charter school. By administering the 2023-2025 Charter School Program (Subchapter C) Grant, eligible applicants will be supported in opening and preparing for the operation of new district-authorized campus charter schools and replicated high-quality schools.

Dates of Project. The 2023-2025 Charter School Program (Subchapter C) Grant will be implemented during the 2023-2024 school year through the 2024-2025 school year. Applicants should plan for a starting date of no earlier than September 1, 2023, and an ending date of no later than September 30, 2025.

Project Amount. Approximately \$5,626,500 million is available for funding the 2023-2025 Charter School Program (Subchapter C) Grant. It is anticipated that approximately six grants will be awarded up to \$900,000. This project is funded 100% with federal funds.

Selection Criteria. Applications will be selected based on the ability of each applicant to carry out all requirements contained in the RFA. Reviewers will evaluate applications based on the overall quality and validity of the proposed grant programs and the extent to which the applications address the primary objectives and intent of the project. Applications must address each requirement as specified in the RFA to be considered for funding. TEA reserves the right to select from the highest-ranking applications those that address all requirements in the RFA.

TEA is not obligated to approve an application, provide funds, or endorse any application submitted in response to this RFA. This RFA does not commit TEA to pay any costs before an application is approved. The issuance of this RFA does not obligate TEA to award a grant or pay any costs incurred in preparing a response.

## Notice of Proposed New General Permit WQG280000 Authorizing the Discharge of Wastes Into Surface Waters in the State

The Texas Commission on Environmental Quality (TCEQ or commission) is proposing to issue new TCEQ General Permit WQG280000. This new TCEQ general permit proposes to authorize the discharge of, as well as prohibit the discharge of, a variety of waste streams from oil and gas extraction activities defined in the draft general permit as Outer Continental Shelf facilities. The purpose of this new TCEQ general permit is to replace the need for Outer Continental Shelf facilities to obtain individual Texas Railroad Commission permits. The draft general permit applies to offshore oil and gas extraction operations located in the Gulf of Mexico between 3.0 and 10.2 statute miles from the Texas coastline as established in the draft general permit. This is a state-only general permit, and Outer Continental Shelf facilities are required to obtain separate authorization to discharge from the U.S. Environmental Protection Agency under the National Pollutant Discharge Elimination System in addition to obtaining TCEQ authorization to discharge. In addition to any other comments desired to be submitted on the terms and conditions of the draft general permit, TCEQ is specifically seeking public comment on the potential to reduce permitted produced wastewater flows from 7000 barrels per day (0.294 million gallons per day) to 6000 barrels per day (0.252 million gallons per day) which may result in the increase in or removal of certain water quality-based effluent limitations but overall reducing the mass loading of pollutants from produced wastewater discharges as well as establishing compliance schedules for whole effluent toxicity (WET) limitations. General permits are authorized by Texas Water Code, §26.040.

**DRAFT GENERAL PERMIT.** The executive director has prepared a new draft general permit that proposes to authorize the discharge of, as well as prohibit the discharge of, a variety of waste streams from oil and gas extraction activities defined in the draft general permit as Outer Continental Shelf facilities. No significant degradation of high quality waters is expected and existing uses will be maintained and protected.

The executive director proposes to require all dischargers to submit a Notice of Intent to obtain authorization to discharge.

The commission will consider all public comment in making its decision and will either adopt the executive director's response or prepare its own response. The WQMP is developed and promulgated in accordance with the requirements of Federal Clean Water Act, §208. The draft update includes projected effluent limits of specific domestic dischargers, which may be useful for planning in future permit actions. ## Texas Health and Human Services Commission

### Updated Public Notice - Texas State Plan for Medical Assistance Amendment

The Texas Health and Human Services Commission (HHSC) announces its intent to submit an amendment to the Texas State Plan for Medical Assistance, under Title XIX of the Social Security Act. The proposed amendment will be effective beginning on the date that the modernized Medicaid Management Information System (MMIS) becomes operational.

The purpose of the amendment is to update the reimbursement methodology for the outpatient hospital services to an outpatient prospective payment system (OPPS) in the current state plan by updating a number of items to comply with Texas Government Code Section 536.005. The OPPS that HHSC is proposing to implement is the EAPG grouper methodology. EAPGs are a visit-based classification system intended to reflect the utilization and type of resources of outpatient encounters for patients with similar clinical characteristics. EAPGs are used in OPPS for a variety of outpatient settings, including but not limited to: hospital emergency rooms, outpatient clinics, renal dialysis facilities, and same day surgery. EAPGs are proprietary to 3M™ Health Information Systems and 3M™ initially developed Ambulatory Patient Groups (APGs) prior to 2000. In 2007, 3M™ made significant changes to its earlier variant of the grouper to reflect current clinical practice including coding and billing practices and to describe a broader, non-Medicare population which resulted in what we now call EAPGs. EAPGs group procedures and medical visits that share similar clinical characteristics, resource utilization patterns and cost so that payment is based on the relative intensity of the entire visit. The EAPG grouping system is designed to recognize clinical and resource variations in severity, which results in higher payments for higher intensity services and lower payments for less intensive services. While each claim may receive multiple EAPGs, each procedure is assigned to only one EAPG.

The annual aggregate expenditures are expected to remain fiscally neutral with this update.

When paying a prize of \$600 or more, the Texas Lottery shall file the appropriate income reporting form with the Internal Revenue Service (IRS) and shall withhold federal income tax at a rate set by the IRS if required. In the event that the claim is not validated by the Texas Lottery, the claim shall be denied and the claimant shall be notified promptly.

C. As an alternative method of claiming a "HIT \$100,000" Scratch Ticket Game prize the claimant may submit the signed winning Scratch Ticket and a thoroughly completed claim form via mail. The number of actual prizes available in a game may vary based on number of Scratch Tickets manufactured, testing, distribution, sales and number of prizes claimed. A Scratch Ticket Game may continue to be sold even when all the top prizes have been claimed.

3.0 Scratch Ticket Ownership.

A. Until such time as a signature is placed upon the back portion of a Scratch Ticket in the space designated, a Scratch Ticket shall be owned by the physical possessor of said Scratch Ticket. When a signature is placed on the back of the Scratch Ticket in the space designated, the player whose signature appears in that area shall be the owner of the Scratch Ticket and shall be entitled to any prize attributable thereto. Notwithstanding any name or names submitted on a claim form, the Executive Director shall make payment to the player whose signature appears on the back of the Scratch Ticket in the space designated. If more than one name appears on the back of the Scratch Ticket, the Executive Director will require that one of those players whose name appears thereon be designated by such players to receive payment.

B. The Texas Lottery shall not be responsible for lost or stolen Scratch Tickets and shall not be required to pay on a lost or stolen Scratch Ticket.
