Notice of Public Meeting for TPDES Permit for Municipal Wastewater: New Permit No. WQ0015916001

APPLICATION AND PRELIMINARY DECISION. Aubrey Plant LP, 2727 Routh Street, Dallas, Texas 75201, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015916001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 350,000 gallons per day.

The facility will be located approximately 0.71 mile west of the intersection of Farm-to-Market Road 428 and Farm-to-Market Road 2931, in Denton County, Texas 76258. The treated effluent will be discharged to an unnamed tributary, thence to Pecan Creek, thence to Lewisville Lake in Segment No. 0823 of the Trinity River Basin. The unclassified receiving water uses are limited aquatic life use for the unnamed tribu-

tary and high aquatic life use for Pecan Creek. The designated uses for Segment No. 0823 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (IP), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected to Pecan Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. That notice will contain the deadline for submitting public comments. Public Comment/Public Meeting. You may submit public comments or request a public meeting on

this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period, and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose. Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period. Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. The Texas Health and Human Services Commission (HHSC) announces its intent to submit transmittal number 21-0011 to the Texas State Plan for Medical Assistance, under Title XIX of the Social Security Act.

SERFF State Tracking Nos. S691551, S691552, S691563, and S691564

In accordance with 28 TAC §5.4911, the Texas Windstorm Insurance Association (TWIA) has filed new endorsement forms with the Texas Department of Insurance for approval:

-- Endorsement No. 311 - Extension of Coverage - Additional Living Expense;

-- Endorsement No. 321 - Extension of Coverage - Wind-Driven Rain;

-- Endorsement No. 331 - Extension of Coverage - Consequential Loss; and

-- Endorsement No. 810 - Specified Building or Structure Exclusion Endorsement.

TWIA asserts these endorsements will not change current coverage, but they will reorganize how coverage is described in the policy.

Endorsement Nos. 311, 321, and 331 will replace three existing endorsements (Nos. 310, 320, and 330) that provide various combinations of indirect loss coverage. The new endorsements split out and reorganize provisions from the existing endorsements. TWIA expects the new endorsements will reduce potential confusion.

Endorsement No. 810 will list structures that are excluded from a particular dwelling policy. TWIA currently lists excluded structures on the declarations page. TWIA expects that the new endorsement, which requires the policyholder's signature, will increase the visibility of excluded structures.

You can get a copy of the filings from the Office of the Chief Clerk, MC-GC-CCO, Texas Department of Insurance, P.O. Box 12030, Austin, Texas 78711-2030 or online at www.tdi.texas.gov/submissions/indextwia.html#form.
