Comptroller of Public Accounts

Correction of Error

The Comptroller of Public Accounts proposed amendments to 34 TAC §3.722 in the July 4, 2025, issue of the *Texas Register* (50 TexReg 3856). Due to an error by the Texas Register, extraneous information was included in the preamble portion of the rulemaking. The preamble should have read as follows:

The Comptroller of Public Accounts proposes amendments to §3.722, concerning the sexually oriented business fee. The comptroller amends this section to implement the decision in *Tex. Entm't Ass'n, Inc. v. Hegar*, 10 F.4th 495 (5th Cir. 2021) and to implement House Bill 3345, 88th Legislature, 2023.

The comptroller amends the definition of clothing in subsection (a)(1), to remove the provision that was deemed unconstitutional in the *Texas Entertainment Association, Inc.* case.

The comptroller amends subsection (d)(1) and (2), and increases the fee imposed on a sexually oriented business to \$10 for each entry by each customer admitted to the business, as provided in House Bill 3345.

The comptroller also replaces the term "return" with "report" for consistent usage throughout the section.

Tetyana Melnyk, Director of Revenue Estimating Division, has determined that during the first five years that the proposed amended rule is in effect, the rule: will not create or eliminate a government program; will not require the creation or elimination of employee positions; will not require an increase or decrease in future legislative appropriations to the agency; will not require an increase or decrease in fees paid to the agency; will not increase or decrease the number of individuals subject to the rule's applicability; and will not positively or adversely affect this state's economy.

Ms. Melnyk also has determined that the proposed amended rule would have no significant fiscal impact on the state government, units of local government, or individuals. The proposed amended rule would benefit the public by conforming the rule to current statute and comptroller practice while removing language found to be unconstitutional. There would be no significant economic cost to the public. The proposed amended rule would have no significant fiscal impact on small businesses or rural communities.

You may submit comments on the proposal to Jenny Burleson, Director, Tax Policy Division, P.O. Box 13528 Austin, Texas 78711 or to the email address: tp.rule.comments@cpa.texas.gov. The comptroller must receive your comments no later than 30 days from the date of publication of the proposal in the *Texas Register*.

The comptroller proposes the amendments under Tax Code, §111.002 (Comptroller's Rules; Compliance; Forfeiture) and §111.0022 (Application to Other Laws Administered by Comptroller) which provide the comptroller with authority to prescribe, adopt, and enforce rules relating to the administration and enforcement provisions of Tax Code, Title 2, and taxes, fees, or other charges which the comptroller administers under other law.

The amendments to this section implement Business and Commerce Code, §102.051 (Definitions).

Texas Commission on Environmental Quality

Combined Notice of Public Meeting and Notice of Application and Preliminary Decision for TPDES Permit for Municipal Wastewater New Permit No. WQ0016549001

APPLICATION AND PRELIMINARY DECISION. Lakshmi Land Group LLC, 1821 Margaret Street, Austin, Texas 78704, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016549001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 900,000 gallons per day. TCEQ received this application on January 24, 2024.

A combined notice has been created to provide the public notice of the draft permit and the scheduling of the public meeting.

The facility will be located approximately 0.48 miles west of the intersection of County Road 192 and East State Highway 29, in Williamson County, Texas 78626. The treated effluent will be discharged to a roadside ditch, thence to a man-made ditch, thence to the San Gabriel/North Fork San Gabriel River in Segment No. 1248 of the Brazos River Basin. The unclassified receiving water uses are minimal aquatic life use for Roadside ditch and Man-made ditch. The designated uses for Segment No. 1248 are primary contact recreation, public water supply, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the *TCEQ Procedures to*

Implement the Texas Surface Water Quality Standards (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in the San Gabriel/North Fork San Gabriel River, which has been identified as having high aquatic life uses. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Round Rock Public Library, 200 East Liberty Avenue, Round Rock, in Williamson County, Texas. The application, including any updates, and associated notices are available electronically at the following webpage:

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments about this application. The TCEQ will hold a public meeting on this application because it was requested by a local legislator. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Thursday, August 28, 2025 at 7:00 p.m.

Georgetown Community Center

445 E. Morrow Street

Georgetown, Texas 78626

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or (800) RELAY-TX (TDD) at least five business days prior to the meeting.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the

permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Public Notice: Drug Shortages

The Texas Health and Human Services Commission (HHSC) announces its intent to submit transmittal number 25-0023 to the Texas State Plan for Medical Assistance, under Title XIX of the Social Security Act.

The proposed amendment allows HHSC to cover and reimburse for a prescribed drug that is not a covered outpatient drug (i.e. a drug that does not have a federal rebate) when medically necessary during a nationwide drug shortage of that prescribed drug. The drug shortage must be identified by the Food and Drug Administration (FDA) or the American Society of Health-System Pharmacists (ASHP). This will allow Texas to mitigate the effects of drug shortages and ensure continued access to medication. The proposed amendment is effective July 1, 2025.

The proposed amendment is estimated to have no fiscal impact. The amendment allows prescribed drugs to be eligible for federal financial participation when medically necessary during drug shortages identified by the FDA or ASHP.

To obtain copies of the proposed amendment, interested parties may contact Jayasree Sankaran, State Plan Coordinator, by mail at the Health and Human Services Commission, P.O. Box 13247, Mail Code H-310, Austin, Texas 78711; by telephone at (512) 438-4331; or by email at Medicaid_Chip_SPA_Inquiries@hhsc.state.tx.us.

Once submitted to the Centers for Medicare and Medicaid Services for approval, copies of the proposed amendment will be available for review at the HHSC Access and Eligibility Services for local benefit offices.
