State Board for Educator Certification

Correction of Error

The State Board for Educator Certification proposed amendments to 19 TAC Chapter 229, Accountability System for Educator Preparation Programs, in the August 14, 2026 issue of the *Texas Register* (51 TexReg 5330).

Due to an error as submitted by the Texas Education Agency, the language in the COST INCREASE TO REGULATED PERSONS section was incorrect and should state there is no cost. The correct text is as follows:

The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to TGC, §2001.0045.

The Public Comment period for the draft Substantial Amendment will be held Monday, September 7, 2026 - Wednesday, October 7, 2026.

RE: Staff Memorandum Establishing a Deadline and Filing Instructions for Comments on the Petition of Jeff Pelletier in Project No. 60154.

On August 24, 2026, petitioner Jeff Pelletier filed a petition for rulemaking in Project Number 59727. On August 26, 2026, Commission Staff filed a memo reassigning the petition to Project Number 60154.

The rulemaking petition requests the amendment of 16 TAC §25.211(n) to require electric utilities to submit distributed generation interconnection reports on a monthly basis, rather than annually. The proposed amendment is intended to provide more timely information regarding distributed generation interconnections and asserts that more frequent reporting would improve regulatory oversight, grid visibility, and monitoring of interconnection activity.

The deadline to file comments in this project is **Friday, October 2, 2026**. Comments may be filed through the interchange on the Commission's website at Filer Home. Interested persons may contact the commission via email at Katelyn.Lewis@puc.texas.gov with questions, however, Commission Staff notes that they are unable to publicly file comments sent via email on behalf of the public. All comments should reference **Project Number 60154**.

Please be aware that any personally identifiable or sensitive information, such as names or home addresses, included in your filing will be publicly available on the interchange, and that once a control number has been closed (at the conclusion of the project), information can no longer be redacted or removed.
