Combined Notice of Public Meeting and Notice of Application and Preliminary Decision for TPDES Permit for Municipal Wastewater New Permit No. WQ0016554001

APPLICATION AND PRELIMINARY DECISION. NMCV Taylor Property Investors LLC, 2225 High Lonesome, Leander, Texas 78641, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016554001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 150,000 gallons per day. TCEQ received this application on May 31, 2024.

The facility will be located approximately 0.16 miles northeast of the intersection of Farm-to-Market Road 112 and Tucek Road, in Williamson County, Texas 76574. The treated effluent will be discharged to an unnamed tributary, thence to Mustang Creek, thence to Brushy Creek in Segment No. 1244 of the Brazos River Basin. The unclassified receiving water use is limited aquatic life use for the unnamed tributary. The designated uses for Segment No. 1244 are primary contact recreation, public water supply, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regu-

latory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at City of Taylor Public Library, Public Viewing Board, 801 Vance Street, Taylor, Texas. The application, including any updates, and associated notices are available electronically at the following webpage: <https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments about this application. The TCEQ will hold a public meeting on this application because it was requested by local legislators.

The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Monday, January 12, 2026 at 7:00 p.m.

Williamson County Expo Center

5350 Bill Pickett Trail

Taylor, Texas 76574

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or (800) RELAY-TX (TDD) at least five business days prior to the meeting.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

The unclassified receiving water use is limited aquatic life use for the unnamed tributary. The designated uses for Segment No. 0810 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The permit application, Executive Director's preliminary decision, and

draft permit are available for viewing and copying at Paradise City Hall, 218 Main Street, Paradise, in Wise County, Texas. PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The TCEQ will hold a public meeting on this application because it was requested by a local representative.

The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Tuesday, January 13, 2026 at 7:00 p.m.

Paradise High School (Cafeteria)

338 School House Road

Paradise, Texas 76073

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or (800) RELAY-TX (TDD) at least five business days prior to the meeting.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed

issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. **Notice and Opportunity to Comment on Requests for
Consistency Agreement/Concurrence Under the Texas Coastal
Management Program**

On January 10, 1997, the State of Texas received federal approval of the Coastal Management Program (CMP) (62 *Federal Register* pp. 1439 - 1440). Under federal law, federal agency activities and actions affecting the Texas coastal zone must be consistent with the CMP goals and policies identified in 31 TAC Chapter 26. Requests for federal consistency review were deemed administratively complete for the following project(s) during the period of November 10, 2025 to November 14, 2025. As required by federal law, the public is given an opportunity to comment on the consistency of proposed activities in the coastal zone undertaken or authorized by federal agencies. Pursuant to 31 TAC §§30.20(f), 30.30(h), and 30.40(e), the public comment period extends 30 days from the date published on the Texas General Land Office web site. The notice was published on the web site on Friday, November 21, 2025. The public comment period for this project will close at 5:00 p.m. on Sunday, December 21, 2025.

Federal License and Permit Activities:

Applicant: Joseph Reeh

Location: The project would affect waters of the United States and navigable waters of the United States associated with the Aransas Channel and is located at Texas State Highway (SH) 361 Lots 3-R and 4-R in the Parrot Island Addition; in Aransas Pass, Nueces County, Texas.

Latitude and Longitude: 27.8769, -97.0950

Project Description: The overall project purpose is to construct two single-family residential homes with direct boating access to deep water and associated infrastructure. The applicant requests authorization to construct two single family residential properties with associated septic fields and driveways. A 334-foot-long and 3.25-foot-tall bulkhead would be constructed to aid in shoreline stabilization. Construction of the bulkhead, residences, and infrastructure would result in discharge of approximately 2,550 cubic yards of fill material into 0.37 acre of emergent wetland and 0.58 acre of tidal flat. Two 126-foot by 4-foot docks with 30-foot by 4-foot L-heads would be constructed from the bulkhead. Deck boards would be spaced 1-inch apart and would be 2.5 feet above mean high water. A 334-foot-long and 2-foot-tall breakwater would be constructed to protect seagrass and create oyster habitat.

The applicant offered a draft compensatory mitigation plan to offset unavoidable functional loss to the aquatic environment. The applicant proposes to:

- a. Create and preserve 0.25 acres of tidal emergent wetland
- b. Create and preserve 0.13 acres of oyster habitat (breakwater)
- c. Avoidance, protection, and preservation of 0.453 acres of seagrass
- d. Minimization and preservation of 0.41 acres of tidal flats
- e. Minimization and preservation of 0.63 acres of open water

Type of Application: U.S. Army Corps of Engineers permit application #SWG-2025-00325. This application will be reviewed pursuant to Section 10 of the Rivers and Harbors Act of 1899 and Section 404 of the Clean Water Act. Note: The consistency review for this project may be conducted by Texas Commission on Environmental Quality as part of its certification under §401 of the Clean Water Act.

CMP Project No: 25-1033-F1

Applicant: Lisa Halili - Razz Halili Trust

Location: The project would affect waters of the United States and navigable waters of the United States associated with Dickinson Bayou and is located approximately 0.30-mile southeast of the intersection of North State Highway 146 and Avenue T in San Leon; in San Leon, Galveston County, Texas.

Latitude and Longitude: 29.464254, -94.971305

Project Description: To construct a commercial docking facility to provide an area for shallow draft vessels in the Dickinson Bayou area to safely dock for storage and repairs. The applicant requests authorization for the following activities: To install 4,300 linear feet of vinyl sheet bulkhead into 0.05-acre of four estuarine emergent (EEM) wetlands (Wet 3, 6, 7, and 9), of which, 1,400 linear feet will be below the mean high water of Dickinson Bayou. The vinyl sheet pile bulkhead will measure approximately 5 feet in height above mean high water and will be installed using a vibratory hammer.

To discharge 300 cubic yards (CY) of stone material into 0.25-acre of 5 Palustrine Emergent Wetland (PEM) wetlands (Wet-3, Wet-4, Wet-6, Wet-7, and Wet-8) and into 0.35-acre of Dickinson Bayou to install 1,300 linear feet of riprap bank stabilization intermittently along the face of the bulkhead in areas where extra shoreline protection is needed. Riprap will be delivered to the site via a heavy-haul truck and installed from the land using an excavator or long reach excavator.

To discharge approximately 22 CY of concrete material into 0.2-acre of one PEM (Wet-3) to install a 1,700-foot-long by 25-foot-wide concrete boardwalk surrounding the perimeter of the new access channel and north along the property boundary shoreline to a termination point with the adjacent property. The concrete boardwalk will have anchor points installed to tie-off and moor vessels within the access channel. In order to construct the boardwalk, a concrete truck will access the construction site and pour concrete within the designated boardwalk locations.

To hydraulically and/or mechanically dredge a total of approximately 54,700 CY (3.44 acres) of material, of which 27,300 CY will be from a 1.02-acre area of Dickinson Bayou and 0.39-acre area of Wet-3 to create a new 1,000-foot-long by 150-foot-wide entrance channel to -11 feet mean low lower water (MLLW). All dredge material will be placed within three onsite upland placement areas (Disposal Area 1, Disposal Area 2, and Disposal Area 3). The height of the containment berm for each disposal area will range between 6-10 feet, depending upon amount of material placed within each disposal area and settlement of that material. Containment berms will have crests measuring approx-

imately 5-foot in width and bottom widths measuring approximately 45-65 feet in width with 3:1 side slopes.

Additionally, the applicant proposes to construct a new permanent 500-foot-long by 20-foot-wide access road constructed wholly within uplands and to stage construction equipment in a temporary one-acre construction staging area located on-site wholly within uplands.

Type of Application: U.S. Army Corps of Engineers permit application #SWG-2024-00099. This application will be reviewed pursuant to Section 10 of the Rivers and Harbors Act of 1899 and Section 404 of the Clean Water Act. Note: The consistency review for this project may be conducted by Texas Commission on Environmental Quality as part of its certification under §401 of the Clean Water Act.

CMP Project No: 25-1034-F1

In the event the Texas Lottery Retailer cannot verify the claim, the Texas Lottery Retailer shall provide the claimant with a claim form and instruct the claimant on how to file a claim with the Texas Lottery. If the claim is validated by the Texas Lottery, a check shall be forwarded to the claimant in the amount due. When paying a prize of \$600 or

more, the Texas Lottery shall file the appropriate income reporting form with the Internal Revenue Service (IRS) and shall withhold federal income tax at a rate set by the IRS if required. In the event that the claim is not validated by the Texas Lottery, the claim shall be denied and the claimant shall be notified promptly.

C. As an alternative method of claiming a "BREAK THE BANK" Scratch Ticket Game prize, the claimant may submit the signed winning Scratch Ticket and a thoroughly completed claim form via mail. If a prize value is \$1,000,000 or more, the claimant must also provide proof of Social Security number or Tax Payer Identification (for U.S. Citizens or Resident Aliens). Mail all to: Texas Lottery, P.O. Box 16600, Austin, Texas 78761-6600. The Texas Lottery is not responsible for Scratch Tickets lost in the mail. In the event that the claim is not validated by the Texas Lottery, the claim shall be denied and the claimant shall be notified promptly.

D. Prior to payment by the Texas Lottery of any prize, the Texas Lottery shall deduct the amount of a delinquent tax or other money from the winnings of a prize winner who has been finally determined to be:

2.5 Payment of Prizes to Persons Under 18. If a person under the age of 18 years is entitled to a cash prize under \$600 from the "BREAK THE BANK" Scratch Ticket Game, the Texas Lottery shall deliver to an adult member of the minor's family or the minor's guardian a check or warrant in the amount of the prize payable to the order of the minor.

When a signature is placed on the back of the Scratch Ticket in the space designated, the player whose signature appears in that area shall be the owner of the Scratch Ticket and shall be entitled to any prize attributable thereto. Notwithstanding any name or names submitted on a claim form, the Executive Director shall make payment to the player whose signature appears on the back of the Scratch Ticket in the space designated. If more than one name appears on the back of the Scratch Ticket, the Executive Director will require that one of those players whose name appears thereon be designated by such players to receive payment.

B. The Texas Lottery shall not be responsible for lost or stolen Scratch Tickets and shall not be required to pay on a lost or stolen Scratch Ticket.

Statewide Transportation Improvement Program November 2025 Revision

The Texas Department of Transportation will hold a public hearing on Tuesday, December 16, 2025, at 10:00 a.m. to receive public comments on the proposed November 2025 Revision to the Statewide Transportation Improvement Program (STIP) for FY 2025 - 2028. The hearing will be conducted via electronic means. Instructions for accessing the hearing will be published on the department's website at: <https://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

The STIP reflects the federally funded transportation projects in the FY 2025 - 2028 Transportation Improvement Programs (TIPs) for each Metropolitan Planning Organization (MPO) in the state. The STIP includes both state and federally funded projects for the nonattainment areas of Dallas-Fort Worth, El Paso, Houston and San Antonio. The STIP also contains information on federally funded projects in rural areas that are not included in any MPO area, and other statewide programs as listed.

Title 23, United States Code, §134 and §135 require each designated MPO and the state, respectively, to develop a TIP and STIP as a condition to securing federal funds for transportation projects under Title 23 or the Federal Transit Act (49 USC §5301, et seq.). Section 134 requires an MPO to develop its TIP in cooperation with the state and affected public transit operators and to provide an opportunity for interested parties to participate in the development of the program. Section 135 requires the state to develop a STIP for all areas of the state in cooperation with the designated MPOs and, with respect to non-metropolitan areas, in consultation with affected local officials, and further requires an opportunity for participation by interested parties as well as approval by the Governor or the Governor's designee.

A copy of the proposed November 2025 Revision to the FY 2025 - 2028 STIP will be available for review, at the time the notice of hearing is published, on the department's website at: <https://www.txdot.gov/in-side-txdot/division/transportation-planning/stips.html>.

Persons wishing to speak at the hearing may register in advance by notifying Enyu Li, Transportation Planning and Programming Division, at (512) 416-2298 no later than 12:00 p.m. on Monday, December 15, 2025.

Speakers will be taken in the order registered and will be limited to three minutes. Speakers who do not register in advance will be taken

at the end of the hearing. Any interested person may offer comments or testimony; however, questioning of witnesses will be reserved exclusively to the presiding authority as may be necessary to ensure a complete record. While any persons with pertinent comments or testimony will be granted an opportunity to present them during the course of the hearing, the presiding authority reserves the right to restrict testimony in terms of time or repetitive content. Groups, organizations, or associations should be represented by only one speaker. Speakers are requested to refrain from repeating previously presented testimony.

The public hearing will be conducted in English. Persons who have special communication or accommodation needs and who plan to participate in the hearing are encouraged to contact the Transportation Planning and Programming Division, at (512) 416-2298. Requests should be made at least three working days prior to the public hearing. Every reasonable effort will be made to accommodate the needs.

Interested parties who are unable to participate in the hearing may submit comments regarding the proposed November 2025 Revision to the FY 2025 - 2028 STIP to Humberto Gonzalez, P.E., Director of the Transportation Planning and Programming Division, P.O. Box 149217, Austin, Texas 78714-9217. In order to be considered, all written comments must be received at the Transportation Planning and Programming office by 4:00 p.m. on Monday, December 29, 2025.
